HENDERSON'S BEST QUALITY FLOWER BULBS

Special prices for those placing orders before July 15th for delivery next Fall

OUR 1930 EXHIBIT
AT THE
INTERNATIONAL FLOWER SHOW
NEW YORK CITY

PETER HENDERSON & CO
35 CORTLANDT ST. NEW YORK

A SPECIAL IMPORT OFFER OF HENDERSON'S *Best Quality* FLOWER BULBS

**FOR ORDERS FOR BULBS SELECTED FROM THIS CATALOGUE RECEIVED
UP TO JULY 15th, 1930, FOR FALL DELIVERY**

WE WILL PAY THE TRANSPORTATION CHARGES EAST OF THE MISSISSIPPI

DELIVERY NOTICE. We deliver transportation paid to all points east of the Mississippi River, all Flower Bulbs and Roots, in Large or Small Quantities.

We also pay transportation charges on all Fertilizers to any point within 150 miles of New York City, and on all Flower, Vegetable and Lawn Grass Seeds to any point in the U. S. or Possessions, by *Parcel Post, Express or Freight at our option.*

Bulbs are practically all grown in Holland and as we are large importers we get the pick and import only "firsts." Having been engaged in the bulb importing business for three-quarters of a century, we know intimately all the best growers of the different varieties in Holland; some excel in growing one kind, and some in another, so that we are in a position to get the best qualities of **All Varieties**. Bulbs sold by local dealers are usually "seconds," and we advise you to order bulbs as soon as you receive this catalogue. Of course such orders being specially imported for you with our own orders, will not be subject to cancellation.

SECURE THE BEST AND SAVE MONEY BY ORDERING NOW

Bulbs and roots mature and ripen at different periods during the late summer and autumn, and shipment will be made as follows in the absence of contrary instructions.

Our August shipment includes *Lilium Harrisii*, Freesias, Roman and French Hyacinths, Paper White Narcissus and Callas.

Our September and October Main Shipment includes the general line of bulbs, such as Hyacinths, Tulips, Narcissus, Crocus Iris, Peonies, Snowdrops, Scillas, etc. Our November shipment includes Lily of the Valley, Hardy Lilies, etc.

GARDENERS OF EXPERIENCE know that success—even with seeds and bulbs of such high quality as HENDERSON'S—depends largely on weather conditions and proper cultivation, so in accordance with the universal custom of the seed trade PETER HENDERSON & CO. gives no warranty, express or implied, as to description, quality, productiveness, or any other matter of any Seeds, Bulbs, Roots or Plants they send out, and they will not be in any way responsible for the crop.

**THE PROPER DEPTH
AND DISTANCE
APART TO PLANT
THE OUTDOOR
BULBS**

The minimum depth is for average soils, the maximum depth for light soils:
Anemone, 2 to 3 in.; Chionodoxa 2 to 3 in.; Crocus 2 in.; Fritillaria 4 to 6 in.; Hyacinths, Dutch, 4 to 6 in.; Hyacinths, Grape, 2 to 3 in.; Iris, Spanish, 3 to 4 in.; Jonquils, 2 to 3 in.; Lily of the Valley, 2 to 3 in.; Lilliums 6 to 10 in.; Narcissus, 3 to 6 in. according to size of bulb; Ranunculus, 2 to 3 in.; Scillas Sibirica, 2 to 3 in.; Scillas, campanulata, 5 to 6 in.; Snowdrops, 2 to 3 in.; Tulips, Early, 3 to 4 in.; Tulips, Late Cottage, Darwins, etc., 5 to 6 in.; Winter Aconites, 2 to 3 in.

AND IN THE HOUSE
Sent free with every order**

How and When to Plant Bulbs for Fall planting may be set out during September, October and November, or until the ground is frozen. The diagram above indicates the depth and distance apart to plant each kind.

Winter Blooms Flowering bulbs best fill the important role of supplying these flowers as they are almost certain to produce satisfactory results with a minimum amount of attention or care. After they have become rooted, bulbous plants will grow to perfection in any ordinary living room temperature, if placed in a situation where they will obtain direct sunlight at least part of the day.

Naturalizing For groves and out-lying grounds beyond the clipped lawn, a very happy style of "naturalizing" bulbous plants is much in vogue. Such bulbs should be used as can be planted in quantity, twenty-five to a hundred or more of a kind, and only sorts should be used as are hardy and will flower and increase; fortunately in bulbous plants there are many that succeed even better in such rough places than in the prim garden, among them we will mention hardy Anemones, Crocus, Chionodoxas, Convallarias, Dicentra, Funkias, Lilliums, Narcissus, Scillas, Snowdrops, and some of the late-flowering Darwin Tulips. The bulbs may be planted with a dibber when the ground is moist during the fall rains, but it is better to cut and turn back the sod here and there, place the bulbs under and press the sod back again.

Henderson's Bulb Culture New Edition

Read it. A brochure of interest and value to garden lovers, giving pointers on the successful handling of bulbs of all kinds. **75c., post-paid** or sent free with an order for Bulbs amounting to **\$3.00.**

IN ACCORDANCE WITH THE UNIVERSAL CUSTOM OF THE SEED TRADE, PETER HENDERSON & CO. GIVES NO WARRANTY, EXPRESS OR IMPLIED, AS TO DESCRIPTION, QUALITY, PRODUCTIVENESS OR ANY OTHER MATTER, OF ANY SEEDS, BULBS, ROOTS OR PLANTS THEY SEND OUT AND THEY WILL NOT BE IN ANY WAY RESPONSIBLE, FOR THE CROP.

IMPORTANT - BUY BULBS NOW

Before The New Tariff Rates Take Effect

To Our Customers:-

The new Tariff Bill which has been for so long a time under consideration by Congress, is expected to pass within the next few weeks.

In Paragraph 731 there is a proposal to triple the duty on Tulips, and increase the rates on other Flowering Bulbs which will undoubtedly result in higher prices.

Notwithstanding this, we are continuing our usual policy of making a special Import Offer of Bulbs at low prices.

I have pleasure in announcing that -

PETER HENDERSON & CO. WILL BOOK YOUR ORDER FOR
BULBS SELECTED FROM THIS CATALOGUE AT THE PRICES QUOTED

and will deliver them to you in perfect condition in time for planting in the early Fall.

THE ONLY CONDITION ATTACHED TO THIS PROPOSAL
IS THAT YOUR ORDER SHALL BE IN OUR HANDS BY
JULY 15th, 1930.

Customers who avail themselves of this price opportunity and order now, will not only avoid the higher prices which will follow a tariff raise, but will also be sure of a supply of the "cream" of the various stocks of bulbs held in Holland.

Remember also that we pay the transportation charges east of the Mississippi on any quantity of bulbs you may order, whether large or small. You have everything to gain and nothing to lose, by sending your order to us on or before July 15th, 1930.

Very sincerely yours,

Peter Henderson

Choice Selected Exhibition Varieties of Old English "Cottage Tulips"

They are all very beautiful, presenting great variety in form and coloring, and having none of the stiffness of other tulips. For cutting they are greatly prized on account of their long stems and graceful habit. Being extremely hardy they are specially adapted for permanently hardy flower borders, where they should be freely planted in large clumps and masses. They may also be naturalized in grass, wild gardens, etc., where during May they present a charming picture.

Adonis.	(Lily flowered.) Long shapely reflexed petals, bright and vivid, rosy carmine red, white base.....	Doz.	100
		\$1.00	\$7.50
Alaska.	A beautiful, large elongated flower with pointed petals of a golden yellow.....	Each 50c.	5.00

The Aristocrats of Tulipdom

New Introductions That Have Been Awarded First-Class Certificates of Merit by the Holland Horticultural Society.

Choice Selected Exhibition Varieties of Giant Darwin Tulips

These May flowering Darwin Tulips produce the most gorgeous garden display of the entire year, and it is evident that their great and sustained popularity is not due to a passing fancy on the part of the garden-loving public; but to an ever increasing appreciation of their surpassing beauty, and their great value as gardening material.

Their graceful form, the endless variety of colors to be had, and their dependability for bloom, combine to make them the most desirable flowers any one could wish for.

Darwin Tulips range in color through an astonishing array of pink, rose, scarlet, crimson and maroon shades to almost black, and then again through lilac, mauve, violet and purple to almost black.

Darwin Tulips have a peculiarity, or distinguishing characteristic, which many tulip lovers have noticed, but which is usually lacking in published descriptions. We refer to the "overcast" or "bloom" on most varieties which is just the same as the bloom on a grape. It is this "bloom" that imparts to them their soft pastel appearance, and it really transforms positive colors into soft aesthetic shades of the same color.

The Tulips comprised in this offering, some of them novelties and others of recent introduction, have all been selected by our experts, while in bloom at our Trial Grounds at Teaneck, N. J., as the very best of their colors and shades, from hundreds of other named varieties. Instructions for culture can be found in our pamphlet "How to Grow Bulbs," sent free to all.

Anton Mauve.	An enormous flower, color, deep bluish lilac with lighter edge.	Doz. \$1.50	100 \$12.00
Apple Blossom.	A beautiful soft rose, fine for forcing.	Each \$.75	7.50

HENDERSON'S
 GIANT DARWIN TULIPS

HENDERSON'S New Giant Darwin Tulips—GENERAL LIST

These popular late or May-flowering tulips are very stately and beautiful—producing immense flowers on tall sturdy stems attaining a height of from 2 to 3 feet. The flowers are models of perfection in form, lasting wax like substance—and in a great variety of both dainty and richly brilliant colorings ranging from blush through pinks, rose, salmon-red, crimson, etc., to rich ox blood reds, from lavender through mauve light blue to violet purple, and from light brown to black. The centers of many of them are beautifully marked. The Darwins also include good tinted whites—and a clear yellow has been introduced by us this year in our New Yellow Darwin Tulip Mary Eaton, described on page 6. The Darwin Tulips are exceedingly effective when grown in groups of a dozen or more bulbs of one variety in the garden or herbaceous border with a back ground of greenery. As Cut flowers they are unsurpassable. The long stemmed, bold, durable flowers have a dignity and character exclusively their own. Darwin Tulips may be successfully flowered in pots or pans in the house in winter if grown cool and not forced into bloom before March. The varieties marked * are especially good for that purpose.

To aid in making selections of varieties for continuity of bloom, etc., we have indicated their relative time of flowering by the letters E, F, G, H, and I. The E's being the earliest to bloom. The height is also given, but may vary. The bulbs should be spaced about 5 inches apart and base of the bulbs should be 5 to 6 inches deep on heavy soils and 6 to 7 inches deep on light soils.

We can supply individual bulbs of any of the sorts described below at one-tenth of the dozen price. 6 Bulbs of a variety sold at the dozen rate, 25 at the hundred rate.

	Per Doz.	Per 100		Per Doz.	Per 100
Afterglow. (F-26 in.) Deep rosy orange, salmon tinted edge. Inside deep orange.	\$1.35	\$10.00	Dream. (F-27 in.) Large cup-shaped flower of heliotrope with silvery lilac margin; blue base.	1.35	10.00

Grand Mixture of Darwin Tulips

Great variety of all colors and shades .60 per doz;
\$4.00 per 100; \$35.00 per 1,000.

HENDERSON'S LATE OR MAY FLOWERING

Cottage Tulips

Cottage Tulips are so-called because many of them were found growing in the old cottage gardens of England, Scotland, Ireland and France where they had been established for 50 years or more. All are very beautiful, presenting a great variety in form and coloring, and having none of the stiffness of other tulips. For cutting they are greatly prized on account of their long stems and graceful habit. Being extremely hardy they are specially adapted for hardy flower borders, where they should be planted in large clumps and masses. To aid in making selections for continuity of bloom, etc., the relative time of flowering is indicated by the letters E, F, G, H and I. Those marked E being the earliest. Those marked I are the latest to bloom. The normal height is also given in inches. In planting the bulbs should be placed 5 inches apart and the bottom of the bulb should be 6 to 7 inches below the surface in light soils and 5 to 6 inches deep in heavy soils. If planted too shallow some may come blind. The varieties marked * are especially good for winter flowering and forcing.

Per Doz. Per 100

Adonis. (G-21 in.). (<i>Lily Flowered.</i>) Long shapely reflexed petals, bright and vivid, rosy carmine red, white base.		\$1.00	\$7.50
Alaska. (H-20 in.). A beautiful, large elongated flower with pointed petals of a golden yellow.	Each 50c.	5.00

We can supply individual bulbs of any of the sorts described above at one-tenth of the dozen price.

Grand Mixture of Old English Cottage Tulips. Including sweet-scented sorts. Many different varieties. 60c. per dozen; \$4.00 per 100; \$35.00 per 1,000.

A New Race of Tulips TRIUMPH TULIPS

Triumph Tulips originated from crosses between Darwin and Early Tulips continued over a number of years, and are therefore the results of much painstaking effort by the breeders. They are sturdy and strong growers and have large and heavy flowers on strong stems. They bloom from one to two weeks ahead of the Darwin Tulips.

Colorado. Opens pale yellow with giant crimson marks, but changes into a fiery orange, very attractive. 30c. each; \$3.00 doz.	
Descartes. Light lemon yellow, edges a darker yellow, pointed reflexed petals. 15c. each; \$1.50 doz.	
Lord Carnarvon. Petals white with violet rose margin changing to wine red as the flower ages. 20c. each; \$2.00 doz.	
Luna. Light primrose yellow, with darker yellow center. 30c. each; \$3.00 doz.	
Mount Lowe. Fine large pink, good for forcing. 30c. each; \$3.00 doz.	
U. S. A. Orange-red with light orange edges. 20c. each; \$2.00 doz.	
Missouri. Dark glowing wine red, large flowers on long stems. 20c. each; \$2.00 doz.	

"The Tulip Bulbs I received this fall were the finest I ever saw."

Mrs. C. E. Beckwith, Manchester Center, Vt.

"We have a wonderful display of Darwin Tulips. We have dealt with this company for over 40 years so you will understand everything has given satisfaction and have recommended it far and wide."

Carrie McCrory, Fayette City, Pa.

"My Tulips were wonderful this year, and I have room for a few more."

Mrs. Frank F. Gow, Schuylerville, N. Y.

"The bulbs received last fall have been very satisfactory. From their nicest blooms praised by all passers-by comes this new order."

Mrs. Alice Richert, Ashland, Ohio

"The Tulips I got from you last fall were beautiful and gave me a great deal of pleasure."

Mrs. Eugene H. Nichols, North Adams, Mass.

Parrot or Dragon Tulips

Fantasy—This recent product of the Tulip breeder's art originated just as a sport from Clara Butt, the well known Darwin Tulip and this sport Fantasy has inherited the same glorious salmon pink color, except that the inside of the flower is much more intense in color; and borne on stiffer stems, the height is the same as Clara Butt viz. 20 inches and it flowers at the same time.

The petals are very curiously and artistically fringed on the edges; and the quaintly formed flower is said to resemble the head and neck of a parrot. Each petal besides being elaborately laciniated is marked very distinctly in the center with a streak of apple-green.

This variety is very suitable for growing in pots or pans of soil in the window, as it is the most ornamental plant we ever saw, attracting great attention wherever exhibited. Price, \$2.00 each; \$20.00 per dozen.

Admiral de Constantinople. Red tipped orange.

Lutea Major. Bright yellow.

Monstre Cramoise. Deep crimson, black center.

Perfecta. Yellow striped red.

Markgraff von Baden. Yellow, scarlet and green.

Prices of Named Sorts. Per doz., 80c.; per 100, \$6.00; per 1,000, \$55.00

Choice Mixed Varieties. Per doz., 70c.; per 100, \$5.00; per 1,000, \$45.00

Tulip Clusiana

The Little Lady Tulip. A beautiful dwarf variety suitable for perennial borders and rockeries, should be planted two inches apart each way. Color white with cherry stripes. Price, \$1.25 per doz.; \$9.00 per 100.

Bizarre Tulips

One of the oldest races of Tulips, grown extensively in Europe during the seventeenth century. It is this class that is credited as being responsible for the famous tulip craze in 1635. Bizarre Tulips are all queerly striped and variegated; they belong to the May flowering group, and flower on tall stems.

Choice Mixed Varieties. Yellow ground colors, variegated with crimson, purple, white lips. Per doz., 80c.; per 100, \$6.00

Rembrandt Tulips

These late or May-flowering garden tulips form a new class of stately beauty. They are in reality Darwin Tulips which have "broken" into permanent variegations—the flowers of various rich colors being striped, blotched and marked with different shades and colors. The flowers, large, of perfect form and lasting substance are borne on sturdy stems about two feet in height. These Rembrandts are very effective planted in groups in the herbaceous or shrubby border and will remain 3 or 4 years without replanting. The cultural directions given for Darwin Tulips apply to these. (See engraving.)

Choice Mixed Varieties. Per doz., \$1.00; per 100, \$7.50

Bybloemen Tulips

Like the Bizarre varieties these tulips were evolved at the time of the Tulipomania which swept Holland and neighboring European countries early in the seventeenth century. They have been grown and sold quite largely in European countries ever since, and to a lesser extent in America; but are considered by many to be too gay for large plantations.

Nevertheless, for indoor decoration, in the month of May when they bloom, their vivid and contrasting colors are very welcome. For outdoor borders, and for planting among the perennials, there is nothing better; as they impart gay coloring much wanted at that time.

The "Rose" Bybloemen tulips are those marked with crimson, rose, pink and scarlet on a white ground, and the "Violet" Bybloemen are those marked with blue, purple and violet also on a white ground.

They flower at the same time as the Darwin and Breeder varieties, and the culture is the same; but the stems are not so long, averaging not more than twenty inches.

Per Doz. Per 100

Rose Bybloemen Tulips, Choice Mixed Varieties \$1.00 \$7.50

Violet Bybloemen Tulips, Choice Mixed Varieties 1.00 7.50

We can supply individual bulbs of varieties described above at one-tenth of the dozen price.

Six Bulbs of a Variety Sold at the Dozen Rate, 25 at the Hundred Rate

"Henderson's Bulb Culture." This is a book of 68 pages, size 7 1/2 x 9 1/2 inches. This year we have gotten out a new edition with 32 pages of illustrations. The price postpaid is 75 cents and we also send it free with every order for bulbs, amounting to three dollars or over.

Old Dutch Breeder May Flowering Garden Tulips

The vogue for this glorious type of the large late May flowering Tulips is gaining great impetus, through the introduction of many of the exquisite new varieties, described in the list below.

The Old Dutch Breeder Tulips appeal to all tulip lovers on account of their sturdiness, large size, and beautiful "art colors." In size they even out rival the popular Darwins. Under favorable conditions many sorts will grow over two and one half feet high and bear enormous flowers of ideal form and great substance.

The colors of these tulips are most fascinating; including solid art colors (such as bronze, brown, buff, terra cotta) as well as many combinations of colors that are unsurpassably beautiful.

When planting the bulbs in the garden, they should be spaced about 5 inches apart and covered from 4 to 6 inches depending upon the nature of the soil.

They may also be flowered in pots or pans of soil or fibre in the house in winter if brought in from the cold frame or out-door plunge before the middle of January and then grown on cool and slowly in a temperature of about 60°. The early flowering ones—those marked F and G—will then flower in February and March—the later ones requiring a little more time. Too much heat is apt to cause them to grow spindling and inferior.

OUTDOOR CULTURE OF LATE TULIPS

Planted in the Herbaceous Border; in clumps along the edge of Shrubberies; or in formal beds Breeder, Cottage and Darwin Tulips give universal satisfaction. Any fairly good garden soil will do for them and the bulbs should be planted 5 to 6 inches deep and not less than 5 inches apart.

If sand to the depth of half an inch is laid in the hole first it will greatly aid drainage during wet weather although this is not essential. The bulbs need not be disturbed during the first two years and other shallow rooted plants may be grown over them. Our booklet "How to Grow Bulbs" sent free to all applicants.

HENDERSON'S SUPERIOR Single Early Tulips Named Varieties

The letters A, B, C, etc., following the varieties indicate their earliness of bloom, the A's flower together and are the earliest, B's follow before the A's are out of bloom. The height is indicated in inches to aid in arranging flower beds.

Price, 60c. per doz.; **\$4.50** per 100; **\$40.00** per 1,000. 250 sold at the 1,000 rate.

We can supply individual bulbs of any of the sorts described at one-tenth of the dozen price.

Six Bulbs of a Variety Sold at the Dozen Rate, 25 at the Hundred Rate

HENDERSON'S SUPERIOR DOUBLE EARLY TULIPS

Named Varieties including some Beautiful Novelties

The letters A, B, C, etc., following the varieties indicate their earliness of bloom, the A's flower together and are the earliest; B's follow before the A's are out of bloom, etc. The height is indicated in inches to aid in arranging flower beds. When bedded it is generally advisable to use only one variety to a bed for best effect. The bulbs are planted 5 to 6 inches apart—and the depth should be according to the soil, in heavy soils 3 to 4 inches to the base of the bulbs and in light soils an inch or so deeper. Instructions for forcing in pots for Winter blooming will be found in our leaflet "How to Grow Bulbs" sent free with every order.

	Per Doz.	Per 100		Per Doz.	Per 100

Six Bulbs of a Variety Sold at the Dozen Rate,
25 at the Hundred Rate

"I wish to tell you about the gorgeous Tulips raised from your collection which I planted last fall. They are the most beautiful I have ever seen. Some blossoms are 3 and 4 inches across and stems 24 inches long."

Mrs. D. H. Greer,
Amarillo, Texas

"The bulbs we had last year were most beautiful and satisfactory and we would like the same kind again."

Sister Terena C.S.M.
Peekskill, N. Y.

"The bulbs I ordered from you last fall have given wonderful bloom this spring."

Mrs. W. R. Mattoon,
Takoma Park, D. C.

HENDERSON'S GRAND NEW EXHIBITION HYACINTHS

Hyacinths are among the most popular and satisfactory hardy flowers bulbs grown. Their wax-like bell-formed flowers, borne in buxom trusses, are of matchless beauty and also delightfully fragrant. The colors, shades and tints are wonderfully varied, from purest white through bluish, pink, rose, etc., to deepest red, and from daintiest porcelain through blue to black purple, from cream through yellows to orange and rosy apricot, etc. Hyacinths succeed with every one and may be had in flower throughout the winter, grown either in pots of soil or glasses of water, while for gardens or bedded on the lawn they are very satisfying and effective, furnishing as they do the first good show of spring flower.

SINGLE BELLED VARIETIES—"TOP ROOTS" PRICE 30c. EACH, \$3.00 PER DOZEN, \$22.50 PER 100

Arentine Arendsen. A new early snow-white variety; large broad petalled bells and splendid erect spike.

Bismarck. A grand new variety producing a large spiked well furnished with immense bells of charming light blue shaded with violet; very early.

City of Haarlem. The best and largest yellow; splendid well-filled tall spike; good bells of bright buttercup yellow.

Enchantress. Large pure "baby blue," bells, compactly filling the tall handsome well-rounded spike.

General De Wet. A pink sport of Grand Maitre, usually throwing two or more strong, well-filled spikes. Color, lively pink with a white throat.

Hofgaertner Kunert. Exquisite soft pink and blush; large bells and truss.

Ivanhoe. Glossy purplish indigo with a white, throat, tall spike and large bells.

Jacques. This beautiful hyacinth is known in our trial grounds as "The Big Pink," the spike being very large, tall and well-filled with very large bells of an exquisite shade of warm rose-pink.

Lady Derby. Unusually large thick waxy bells of the loveliest shade of rose pink; spike ideal, strong, tall and well-filled.

Lord Balfour. Enormously large broad spike of his waxy bells; coloring attractive and unique; claret-purple edged reddish mauve.

Menelik. The darkest of all hyacinths, being almost black; the best and most brilliant of its color; fine large truss.

Perle Brillante. Splendid large spike of big waxy bells; color sparkling lavender with outside tints of ultramarine blue.

Queen of Whites. Large waxy bells of purest white; tall full truss perfect form.

Queen Wilhelmina. A very pleasing shade of vivid pink, large, sturdy, well-formed truss and fine bells; early.

Ruby. Brilliant ruby-red bells on a tall spike well filled, very distinct.

DOUBLE BELLED VARIETIES—"TOP ROOTS" PRICE 30c. EACH, \$3.00 PER DOZEN, \$22.50 PER 100

Chestnut Blossom. Exquisite blush pink, shading to deeper rose pink; bells very large and forming a large fine spike.

Delicate. Exquisite porcelain bells touched with light blue, bells very large and double, spike fine.

Edison. Splendid large, double bells of rosy flesh color; fine tall spike.

Grandee. An extra fine variety, beautiful large double bells of pure white; grand spike.

General Kohler. Very large double bells of deep, bright blue, on a tall spike.

Princess Metternich. Very large double bells of rosy white, tall erect, well-filled spike.

President Roosevelt. A fine new variety producing large double bells on a big compactly filled spike, color lively rose-pink.

Sir Rowland Hill. The best double yellow, really fine double bells of bright rich yellow; good full spike.

COLLECTIONS OF EXHIBITION HYACINTHS

Collection A. 1 each of the 15 Single Belled Varieties, \$3.50

Collection B. 1 each of the 8 Double Belled Varieties, \$2.00

Hyacinth Glasses

Hyacinths grown in glasses of water are charming ornaments for parlor windows, and the ease and success in flowering bulbs in this way add greatly to their popularity. Furnished in the following colors: green, blue, amber or crystal, 30c. each. \$3.00 per doz. (See illustration.) (Not mailable.)

HENDERSON'S
SUPERIOR

NAMED SINGLE DUTCH HYACINTHS

All "Select First Size Bulbs"—not "Seconds" that are offered at lower prices

For bedding purposes varieties that flower at the same time must be selected. Varieties prefixed with a * are especially suited for bedding as well as for pot culture.

PRICE—25c. EACH, \$2.50 PER DOZEN, \$18.00 PER HUNDRED

Six Bulbs of a Variety Sold at the Dozen Rate, 25 at the Hundred Rate

Single Dark Rose and Red Hyacinths

***GARIBALDI**, rich glossy crimson; splendid spike, well furnished with good-sized bells; early and a fine forcer.

***GERTRUDE**, bright carmine rose; fine compact, upright spike excellent for either bedding or forcing.

***KING OF THE BELGIANS**, (Roi des Belges) brilliant blood scarlet; fine, upright spike, splendid bedder.

Single Pure White Hyacinths

LA GRANDESSE, purest snow white, tall well furnished spike of large bells; always admired.

***L'INNOCENCE**, a very fine, pure white, spike massive; bells large.

Single Tinted White Hyacinths

GENERAL VETTER. Large spike of waxy bells of a pleasing bluish white.

MR. PLIMSOL, an old but good variety with large bells of bluish white; large broad spike.

Single Blush and Pink Hyacinths

***GIGANTEA**, a popular old variety, a fine forcer; color bluish pink, shaded darker; spike large and compact.

MORENO, bright pink, large bells and tall well-filled spike, splendid for both bedding and forcing.

Single Dark Blue and Purple Hyacinths

***KING OF BLUES**, dark glossy indigo blue, fine bells, compactly furnishing a tall well-rounded spike.

***MARIE**, dark violet blue large well-formed spike, good bedder.

Single Lavender and Light Blue Hyacinths

***GRAND MAITRE**, deep lavender blue with darker blue shading very large and handsome spike.

***JOHAN**, beautiful silvery lavender tinged with rosy lavender; very large waxy bells and a grand broad spike.

***QUEEN OF THE BLUES**, beautiful sky blue with a silvery sheen; large well topped full spike; not early but grand.

Single Yellow and Orange Hyacinths

***KING OF YELLOWS**, rich deep yellow; tall handsome spike of large bells; not early.

MARCHIONESS OF LORNE, rosy salmon.

HENDERSONS' "SPECIAL" HYACINTHS

FOR BEDDING OR POT CULTURE WITHOUT NAMES—CHEAPER THAN NAMED VARIETIES—FAR BETTER THAN MIXED

They are the same age as the first size Named Hyacinth offered by us from which these are the second selection. They are of great value for bedding in designs, enabling one to obtain the exact color effect desired. In beds, borders, etc., set the bulbs 5 to 6 inches apart and 4 inches deep measuring from the top of the bulb. When freezing weather has set in and a light crust has been frozen on the soil, then cover the bed with leaves, straw, marsh hay or reeds to a depth of from four to six inches; this protects not only from severe freezing but from equally injurious unseasonable thaws. They are much used for winter blooming in pots. Plant or pot hyacinth bulbs between September and the last of November—the earlier the better—as it gives them a longer period to make roots before winter sets in and the flowers will be better developed.

Plant 1 bulb in a 5-in. pot, 3 bulbs in a 6 or 7-in. pot, 6 or 7 bulbs in an 8-in. pot or pan.

HENDERSON'S DOUBLE Dutch Named Hyacinths

All Select First Size Bulbs, not "Seconds" that may be sold at a lower price

Double Hyacinths are not as popular as the single-belled varieties; for as a class the "doubles" although their individual bells are large and beautiful do not make as well-filled trusses. For this reason we confine our list of varieties to a few of the very best.

PRICE—25c. EACH, \$2.50 PER DOZEN, \$18.00 PER HUNDRED
DOUBLE WHITE AND TINTED HYACINTHS

Isabella, white suffused with rosy blush, enormous double bells and large well-filled spike.

Bouquet Royal, an old favorite early variety and still hard to beat; double pure white bells on tall spike.

DOUBLE RED ROSE AND PINK HYACINTHS

Groot Voorst, large very double bells of blush pink with darker center; good spike.

Noble par Merite, deep pink, very large fine double bells, tall spike; good forcer.

DOUBLE YELLOW AND ORANGE HYACINTHS

Goethe, a popular old variety salmon yellow with pinkish center; double bells and good spike.

Sunflower. Splendid deep-buff-yellow.

DOUBLE LAVENDER, BLUE AND PURPLE HYACINTHS

Blocksberg, light blue shaded darker blue; double bells on tall spike.

Garrick, lavender tinted blue; fine compact spike of double bells.

Early Roman Hyacinths

Roman Hyacinths are extensively used for "forcing" for cut flowers. The white Roman Hyacinth is the earliest, best and most floriferous variety, though the pink, and light blue are very beautiful and supply a variation of color.

They are all easily grown in pots of soil and if potted in September, the pots plunged in the open ground for a month until the bulbs are well rooted, and then brought in the house they can be had in flower in November or December, and from that time a succession of flowers may be enjoyed by bringing in from the plunge or cellar a pot or two of the rooted bulbs at intervals of about two weeks. A five-in. pot is large enough for 3 bulbs, a six-inch pot or pan for 6 bulbs, a seven-inch pot or pan for 8 bulbs. Roman Hyacinths are not hardy enough for open ground planting north of Washington, but where the winters are mild, especially if lightly protected with mulch they thrive excellently in the garden.

EARLY WHITE ROMAN HYACINTHS

Extrasize bulbs	\$2.25	\$2.50	\$18.00

EARLY PINK ROMAN HYACINTHS

	Each	Per Doz.	Per 100
First size bulbs	\$1.15	1.50	12.00

EARLY LIGHT BLUE ROMAN HYACINTHS

	Each	Per Doz.	Per 100
First size bulbs	\$1.15	1.50	12.00

DUTCH ROMAN HYACINTHS

The smaller or three-year old bulbs of some varieties of Dutch Hyacinths produce, considering their size, beautiful spikes of bloom, not as large nor furnished with as many bells as older-full-sized bulbs but still so satisfactory for their low price that they are extensively grown for winter flowers, forced either in "flats" pans or pots. They may be had in flower from January on—thus succeeding the earlier French Romans. The bulbs may be placed very near together—say—an inch apart—requiring 7 or 8 bulbs for a 7-inch pan or 5 bulbs for a 5-inch pot or pan.

PRICE—10c. EACH, \$1.25 PER DOZ., \$9.00 PER HUNDRED

"All the bulbs I purchased from you bloomed well in the house, a lot of them had second flowers, and I am well pleased."
Miss Bessie Richards
Fredericksburg, O.

AMERICAN
GROWN

NARCISSUS, DAFFODILS and JONQUILS

Among spring flowering bulbous plants the Narcissus family is one of the most important and of world-wide popularity. With the exception of the Polyanthus varieties (offered on page 22) all are as hardy as rocks, grow increase and flower year after year. They may be grown in garden beds, among hardy plants in herbaceous borders, or "naturalized," that is, grown as if wild in outlying portions of the lawn or grounds, on terraced slopes, and along semi-shaded paths. As cut flowers Narcissus are especially useful being of lasting quality and vasing beautifully.

CULTURE. The bulbs should be planted as early as convenient in the autumn to make root growth before winter sets in. The bulbs may be left undisturbed for several years on good loamy soils. The depth to plant varies according to the size of the bulbs—a covering of 2 to 3 inches of soil is about the average. The distance apart should be 3 to 6 inches according to the size of the variety. For greenhouse or window culture treat same as Hyacinths, but plant three or more in a pot, instead of single bulbs. Send for our pamphlet "How to Grow Bulbs" sent free.

NOTE.—The "perianth" is the surrounding row of petals or wings. The trumpet "crown" or "cup" is the center portion of the flower.

GIANT TRUMPET VARIETIES

Albicans. This variety is also known as the "White Spanish Daffodil." It is creamy white, with a silver white trumpet elegantly re-curved at the brim. The flowers are borne on stems 14 inches high.

Emperor. Color richest yellow; trumpet and perianth immense in size often measuring 3 1/2 inches across. The stiff stems are 20 inches in height. (See illustration.)

Empress. The best of the two-colored trumpet varieties. The perianth is white, and the trumpet rich yellow; the entire flower is of great substance and is carried on strong stems 20 inches high.

King Alfred. One of the largest pure yellow Daffodils immense flowers of intense yellow; trumpet large and open with a deeply filled mouth; vigorous and free; height 24 inches.

Olympia. A much improved and enlarged Emperor, very free-flowering and exceptionally hardy. This is also ranked as a leading cutflower variety. Height 16 inches.

Robert Sydenham. A grand hardy variety. Perfect sulphur yellow perianth, exceptionally large yellow trumpet, handsomely frilled, consistent winner at the shows, height 18 inches. (See illustration.)

Sir Francis Drake. Clear yellow, large, very early, long stemmed cut flower and show variety, also a fine bedding sort, height 18 inches.

Van Waveren's Giant. Perianth primrose, bright yellow trumpet, one of the best in our "Giant" class, height 20 inches.

Victoria. A good bicolor famous for large and durable flowers; perianth very broad, creamy white in color; large fluted trumpet rich yellow, height 18 inches. \$150.00 per 1000.

MEDIUM TRUMPET VARIETIES

Sir Watkin. (Incomparabilis). This is an old and popular variety, perfectly hardy, and will thrive well either in the garden, or for culture indoors during the winter. The flowers of Sir Watkin, which often measure 5 inches across, have a deep primrose yellow perianth, and a more deeply tinted yellow cup or trumpet.

Lucifer. (Incomparabilis). A very attractive hardy variety, large white perianth with glowing orange-red cup, height 18 inches.

Barri Conspicuus. (Barri). It thrives in gardens, and for naturalizing in grass or semi-wild places it is magnificent. For winter flowering in pots or pans of soil it is beautiful. Barri Conspicuus has a broad spreading yellow perianth; crown edged with orange-scarlet; a robust strong grower; height 20 inches.

Bath's Flame. (Barrii). Yellow perianth, deep yellow cup with broad edge of orange red. The petals are very long and pointed, giving the flower a distinct and outstanding character, height 18 inches.

Sea Gull. (Barri). One of the largest and most beautiful daffodils in this class. The spreading perianth is pure white, and the cup is canary color edged apricot. Height 21 inches.

Crystal Queen. (Leedsii). Pure white perianth, pale primrose cup passing to white afterwards; flowers 3 1/2 inches across, a giant Leedsii, height 15 inches.

Mrs. Langtry. (Leedsii). The fragrant "Silver Winged" Leedsii's are hybrids between white Trumpet Daffodils and Poeticus. Mrs. Langtry is a free-flowering variety, each bulb usually producing several flowers; broad white perianth, and white cup opening pale primrose, height 16 inches.

Southern Gem. (Leedsii). Beautiful pure white petals, large lemon yellow crown, a splendid flower of rare symmetry, forces well, height 16 inches.

White Lady. (Leedsii). A grand new giant flowering variety, concededly one of the best in commerce. It is virtually a white "Sir Watkin." The broad perianth is pure white surrounding a pale citron frilled cup which turns white. Height 15 inches.

Six Bulbs of a Variety Sold at the Dozen Rate, 25 at the Hundred Rate

Narcissus and Daffodils—Continued

THE HARDY CLUSTER-FLOWERED DAFFODILS
Narcissus Poetaz

These new hybrids between Poeticus and Polyanthus are hardy, healthy, strong growers, some of the varieties attaining a height of 2 feet. The Poeticus-like flowers are borne in clusters like the Polyanthus. They soon form large luxuriant clumps. (See engraving.)

Elvira. A large flower of remarkably good substance, carrying three or four flowers on long stems; and producing two to three stems to one bulb. Very fine for cutting; strong-growing and free flowering. Color pure white with yellow cup, height 24 inches. (See illustration.) 15c. each; \$1.75 per doz.; \$14.00 per 100.

Helios. The perianth is yellow with a deeper golden yellow cup. The bulb produces three stems usually, and there are seven to eight broad flowers borne on each stem. This is the largest yellow variety. 20c. each; \$2.00 doz.; \$16.00 per 100.

Joconde. Pale yellow petals, deep golden cups, 4-5 large flowers on long stems, ideal cut flower and exquisite show variety. 25c. each; \$2.50 doz.; \$18.00 per 100.

"POET'S" or Pheasant's Narcissus
Eye

Poeticus Ornatus. This is the early flowering "Poets Narcissus" so popular for winter forcing, as well as for gardens and for "naturalizing." The perianth is pure snow-white with a beautiful contrasting saffron yellow cup, margined scarlet. It thrives wonderfully in gardens, or in semi-wild places planted among grass; and provides a continuous display of bloom for weeks. Height 18 inches. 12c. each; \$1.35 per doz.; \$10.00 per 100. (See illustration.)

Horace. Pure white perianth, conspicuous red eye, free flowering and strong stemmed, a splendid forcing variety. 20c. each; \$2.00 doz.; \$16.00 per 100.

NARCISSUS JONQUILLA or JONQUILS

Campernelle. Much prized for its small golden flowers which are produced in great profusion. Perfectly hardy for the outdoor garden, and also a good variety for winter flowering in pots of soil. The yellow flowers are borne four to six on stems about eighteen inches high. \$1.50 per doz.; \$12.00 per 100.

DOUBLE NARCISSUS AND DAFFODILS

Orange Phoenix. Beautiful double white flowers with orange nectary. Splendid for pot culture and cutting; 17 in. 20c. each; \$2.00 per doz.; \$16.00 per 100.

Primrose Phoenix. Primrose yellow, large rose-shaped flower, long stems. We recommend this variety as most satisfactory. 25c. each; \$2.50 per doz.; \$18.00 per 100.

Double Von Sion. The true "Double Yellow Daffodil." Rich golden-yellow perianth and trumpet. This is the old favorite so highly prized in old-fashioned gardens. (See illustration.) 20c. each; \$2.00 per doz.; \$16.00 per 100

MIXED NARCISSUS AND DAFFODILS

FOR NATURALIZING IN BORDERS, WILD GARDENS, ETC.

These are a Special Mixture of All Varieties. They are very suitable for growing in masses for garden decoration, and are particularly adapted for mixed borders, "naturalizing" in shrubbery by woodland walks, in woods by streams and lakes and semi-wild, outlying grounds. They are perfectly hardy and will flourish and increase for many years. Price, \$1.00 per doz.; \$7.50 per 100; \$70.00 per 1,000.

POLYANTHUS NARCISSUS

The *Polyanthus* varieties of Narcissus are deliciously sweet scented, of the easiest culture, very free flowering and continue long in bloom; bearing from six to one dozen flowers each. South of the freezing belt they are splendid for gardens and "naturalize" well. For growing in pots or pans of soil or in shallow dishes in pebbles and water, they are especially adapted and can be had in flower in the house from Christmas throughout the winter by bringing the pots of rooted bulbs in from the frame or cellar every week or two.

Grand Soliel D'Or. All Yellow *Polyanthus*. A beautiful variety bearing clusters of golden yellow flowers with orange cups. 25c. each; \$2.50 doz.; \$18.00 per 100.

Paper White Grandiflora. All White *Polyanthus*. A large flowering type producing snow white flowers of large size and good substance in trusses. Much used for early forcing for cut flowers, being brought in without difficulty by Christmas or even earlier. (See illustration.) 10c. each; \$1.00 doz.; \$7.50 per 100.

HARDY LILIES

Lilies commence flowering in June and with the various species maintain a continuous and unbroken succession in the shrubbery border. Most Lily Bulbs, being of late maturity, are not ready before October, November and December (the best time to plant them). Where the ground is liable to freeze up before the late lilies arrive it should be mulched with 6 or 8 inches of leaves or manure to keep it from freezing, so the bulbs may be planted on arrival.

Auratum. (The Golden Rayed Lily of Japan.) The flowers are pure white, thickly studded with crimson spots, while through the centre of each petal runs a clear golden band. Fully expanded, the flowers measure nearly a foot across and possess a most delicious fragrance. Season of bloom from July to October 3 to 5 feet. (See illustration.)

Extra size bulbs.....50c. each; \$5.00 doz.; \$37.50 per 100
Mammoth bulbs.....75c. each; \$7.50 doz.; \$60.00 per 100

Candidum. Henderson's Superior Northern Grown. This is the ever popular fragrant, snow-white, hardy garden Lily, which is also known as "Annunciation Lily," and "Madonna Lily." It grows 3 to 4 feet high, and blooms in the open ground in June. When grown in masses these lilies are especially effective against the surrounding greenery of shrubs, etc. Price, extra large bulbs, 50c. each; \$5.00 doz.; \$37.50 per 100.

Canadense. Our native Canadian Lily. Bright yellow marked with copious spots of red; blooms in June and July. 2 to 3 feet high. 25c. ea.; \$2.50 doz.; \$18.00 per 100.

Canadense Flavum. A pure yellow selection of the above. 25c. ea.; \$2.50 doz.; \$18.00 per 100.

Canadense Rubrum. Crimson with dark spots. 25c. ea.; \$2.50 doz.; \$18.00 per 100.

Elegans Mixed Varieties. A fine dwarf Japanese variety of easy culture. Colors shading from yellow to deep blood red. Flowers June-July. 25c. ea.; \$2.50 doz.; \$18.00 per 100.

Hansoni. (The True Japanese Yellow Martagon.) This is one of the best of the Martagon group, unsurpassed in vigor of growth and beauty by any other lily. The flowers are large, of a bright yellow, tinged orange and spotted maroon, with thick wax-like petals. Very robust and free. Flowers in June. 75c. ea.; \$7.50 doz.; \$60.00 per 100.

Henryi. (The Yellow Speciosum.) A new rare and very beautiful Lily from China. It is very hardy, and without doubt one of the best Lilies for garden culture. The flower stalks, 3 to 5 feet high, carry 5 to 8 large flowers each, rich apricot-yellow, lightly spotted with brown. The shape and size of the flowers has suggested the name "Yellow Speciosum." Flowers July-August. 75c. ea.; \$7.50 doz.; \$60.00 per 100.

Regale ("A Royal Beauty"). The flowers are white, slightly suffused with pink, with a beautiful shade of canary yellow at the center, blending out part way up the trumpet. The fragrance is fascinating. A splendid hardy Lily for the garden, flowering in July. Well-grown bulbs often produce five to eight blooms. 60c. ea.; \$6.00 doz.; \$45.00 per 100.

Speciosum or Lancifolium. The varieties of L. Speciosum or Lancifolium are perhaps the most popular Lilies grown. They are easy of cultivation, and produce large flowers of delicate beauty on strong stems; height, from 2 to 4 feet; blooming in August. The varieties are:

Speciosum Album. White. Large bulbs, 60c. ea.; \$6.00 doz.; \$45.00 per 100.

Speciosum Rubrum (Roseum). White, shaded and spotted with rose and red. (See illustration.) Large bulbs, 60c. ea.; \$6.00 doz.; \$45.00 per 100.

Speciosum Melpomene. Rich blood-crimson, heavily spotted. Large bulbs, 60c. ea.; \$6.00 doz.; \$45.00 per 100.

Superbum. (Turk's Cap Lily.) One of our native species. Grown in good, rich soil, it will produce upwards of 20 beautiful orange, tipped red, spotted flowers in a pyramidal cluster. 3 to 5 feet high. Blooms in July. 30c. ea.; \$3.00 doz.; \$20.00 per 100.

Trigrinum Splendens. (Improved Tiger Lily.) The grandest of the Tigers, black polished stem. Very large pyramids of flowers, orange red, spotted with black, 3 to 5 feet high. Blooms in August. 30c. ea.; \$3.00 doz.; \$20.00 per 100.

Tigrinum Flora Plena. (Double Tiger Lily.) Double bright orange-red flowers spotted with black. Blooms in August. 30c. ea.; \$3.00 doz.; \$20.00 per 100.

Umbellatum. Of strong, sturdy habit, growing from 2 to 3 feet high, having large showy flowers in clusters at the summit, flowering in June. The colors range through all shades of red from rose to blackish-crimson, yellow, buff, orange, etc., many being spotted. **Mixed Colors.** 25c. ea.; \$2.50 doz.; \$18.00 per 100.

EASTER LILIES, ETC. (For Indoor Culture)

Bermuda Easter Lilies

Lilium Longiflorum Harrisii

The short time required to bring this peerless Lily into flower renders it invaluable. The flowers are delightfully fragrant pure waxy-white, and if cut when partially open, can be kept for two weeks. Bulbs potted in September can be had in flower in December, if desired.

A succession of bloom can be kept up throughout the winter by bringing in a few pots of bulbs from cold frames at intervals. Blooming plants in pots are suitable for Easter offerings and presents. We offer three types of the Longiflorum Lily usually grown by the florist. Of the three types we recommend *Lilium formosum* as the best for private conservatory growing.

Bulbs Ready for Shipment—August to December. (See engraving.)

Extra Size Bulbs. (7 to 9 inches in circumference.) This is the most popular size to grow as pot plants for decoration and equally as valuable for cutting. Bulbs should produce from 8 to 12 flowers. 35c. ea.; \$3.50 doz.; \$27.50 per 100.

Monstrous Size Bulbs. (9 to 11 inches in circumference.) These are usually grown for specimens in pots, for exhibitions and decorations. Each bulb should produce from 12 to 18 flowers. 65c. ea.; \$6.50 per doz.; \$50.00 per 100.

The Formosa Easter Lily

Lilium Longiflorum Formosum

This is an improved type of the well known *L. longiflorum* also known as the "Easter or St. Joseph's Lily." The plants are of healthy strong growth—about 3 feet high and produce beautiful snow white trumpet shaped flowers, 6 to 8 inches long. This Lily is largely grown by florists who "force" them as pot plants and for cut flowers. It is not quite as early as *Lilium Harrisii*. *For Shipment, September to December.*

Extra Size Bulbs. 8 to 10 inches. 40c. ea.; \$4.00 doz.; \$30.00 per 100.

Japan Easter Lily

Lilium Longiflorum Giganteum

This Japanese type is highly thought of for late winter and Easter forcing—though the bulbs of this variety are often carried over in cold storage to be brought into bloom at any desired time the succeeding year. The plant is of sturdy stocky growth—with black marked stems. The flowers of purest white are the largest of the longiflorums. *For Shipment, October to December.*

Extra Size Bulbs, 8 to 10 inch. 40c. ea.; \$4.00 doz.; \$30.00 per 100.

Six Bulbs of a Variety Sold at the Dozen Rate, 25 at the Hundred Rate.

Henderson's Selected Calla Lilies

A well-known plant of easy culture for winter bloom. It makes a handsome house or window plant. To aid profuse blooming keep dormant from the middle of June until the last of September; pot on receipt in good, rich soil, using 6 to 8-inch pot, give light and heat in abundance. Both foliage and flowers are attractive in this desirable winter bloomer.

Calla Aethiopica, or Lily of the Nile

This old favorite White Calla Lily is too well known to require any description. We offer dry roots, as they are superior for forcing and winter-flowering purposes; they come into bloom quickly and require less room making less foliage. Extra large bulbs, 35c. ea.; \$3.50 per doz.

The Godfrey Everblooming Calla

This new hybrid is a true ever-blooming variety. A good plant, produces an astonishing quantity of large, snow-white, slightly fragrant flowers. Compared with the ordinary white Calla, it gives three flowers to one. The plant is dwarf, compact, strong growth, about 18 inches high, with an abundance of dark green leaves. Dormant bulbs, 30c. ea.; \$3.00 per doz.

Yellow Calla, Elliottianna

The yellow Calla; large rich, deep golden flowers often 4 to 5 inches across at the mouth; habit of growth and foliage like the old favorite white Calla excepting the leaves of Elliottianna are spotted with white. (See engraving.) Dry bulbs, 40c. ea.; \$4.00 per doz. (Ready in November.)

GERMAN IRIS OR FLEUR-DE-LIS *Iris Germanica and Allied Species*

German Iris are well termed "Garden Orchids" and they fairly out rival the orchids in wide range of coloring—including yellows from light canary to deep golden; blues from soft lavender to intense purples, reds from pinkish mauve to claret and maroon, beautiful bronzes and pure whites. Some are marked and margined with other colors in exquisite harmony and all have showy yellow or orange crests or beards, many of the varieties being delightfully fragrant. As cut flowers they are highly prized as the flowers open in succession and last for several days with stems in water. For garden and landscape decoration—

groups and masses of them are very effective, being perfectly hardy, thriving and increasing year after year in any sunny situation in ordinarily good soil. Our collection contains many new and choice varieties, and we are confident many of them will prove revelations of beauty to Iris lovers. The roots should be divided and replanted every fourth year—early in September is the best time for the plants are then dormant. The roots are ready for shipment from September 15th to November 15th.

NEW LARGE FLOWERING JAPAN IRIS *Iris Kaempferi*

The magnificence of these new Irises surpasses description. The flowers are of enormous size, averaging 6 to 8 inches across, charming hues and colors, varying like watered silk in the sunlight, the prevailing colors being white, crimson, rose, lilac, lavender, violet and blue; each flower usually representing several shades, while a golden-yellow blotch, surrounded by a halo of blue or violet, at the base of the petals intensifies the wealth of coloring. They bloom in great profusion in June and throughout July, coming into bloom when other Irises are faded and gone. Ready September 15 to November 15.

Single Flowering

	Each	Per Doz.
Amethyst. Very large wavy petals, exquisite lavender shade.	.50	5.00
Apollo. Pure white, pink center.	.40	4.00
Beauty. Silvery white distinctly veined and suffused indigo blue. Inner petals plum edged white. Very beautiful.	.30	3.00
Clarice Childs. Petunia violet, conspicuous yellow center surrounded with blue cast. Large.	.50	5.00
Ethel J. Marshall. Ivory white splashed and veined dull violet blue petaloids aconite violet edged white, stigmas ivory white splashed with violet cast.	.50	5.00
Granite. Purple, spotted and flaked white. Lilac center.	.30	3.00
Mars. Reddish purple, striped and blotched white.	.30	3.00
Painted Lady. White, center blotched light purple, tufts white, with purple edge.	.40	4.00
Red Riding Hood. Fine amaranth veined and suffused white.	.30	3.00
Violet Beauty. Pansy violet, conspicuous yellow blotch in center surrounded with blue cast.	.40	4.00

Double Flowering

	Each	Per Doz.
Catherine Parry. Blue overlaid rosy-red, high tufts in center almost triple.	.30	3.00
Choseiden. Ruby crimson, white halo surrounds the yellow blotches radiating into broad lines. Petaloid stigmas light violet.	.50	5.00
Eleanor Parry. Claret red, flamed white and blue. Compact medium size flower.	.50	5.00
Gold Bound. Pure white, one of the best.	.30	3.00
Kuro Komo. Purple overlaid with dark blue. Yellow blotches, stigmas dark blue bordered purple.	.50	5.00
La Favorite. Large, fine white, freely veined blue, and a rich purple center.	.40	4.00
Mount Hood. Light blue shaded darker, bright orange center.	.30	3.00
Mrs. J. Alexander Hayden. White ground edged and shaded pale violet. Stigmas, white slightly edged and tipped pale violet.	.40	4.00
Pyramid. Violet purple, veined white in center of each petal.	.30	3.00
Rose Anna. Ivory white heavy ruby-red veins, conspicuous yellow blotch, stigmas dark plum.	.40	4.00

Japan Iris Seedlings. Containing many new and beautiful single and double varieties. Price, 25c. each; \$2.50 per doz.; \$18.00 per 100.

IRIS, THE. By J. C. Wister (New). This book presents in a convincing manner the simple requirements of this flower. Complete and practical. Price postpaid, \$1.28.

BEAUTIFUL BULBOUS IRIS

Iris Hispanica and Iris Hollandia, the varieties offered on this page belong to the bulb family and are planted and grown just like a Tulip or a Hyacinth. They thrive very well in any garden but should be protected with a covering of leaves in winter.

SPANISH IRIS or Iris Hispanica

These beautiful bulbous irises have long been known as "the poor man's orchids" and appropriately so because the colorings and markings of the different varieties of Spanish Iris so closely resemble the markings of many specimens of the Orchid family. The flowers of some are four to five inches in diameter and the plants are all extremely graceful. For the adornment of a dinner table nothing could be better and if cut while in bud last about ten days. They are also suitable for pot culture and if planted in pots or boxes and stored in cold frames until they show buds, and then brought into heat they may be had in bloom from April on. (See illustration.)

Belle Chinoise. Deep yellow.

King of the Blues (Count of Nassau). Fine deep purplish blue.

King of the Whites. Pure white with small orange blotch on the falls, fine.

King of the Yellows. Very fine golden yellow.

Louise. Delicate light blue, early flowering.

Prince Henry. Large purplish bronze, one of the best of this color.

Price of any of above, 10c. each; \$1.00 per doz.; \$7.50 per 100

DUTCH IRIS or Iris Hollandia

This variety is generally regarded as a giant strain of early Spanish Iris. The leaves are larger and the flowers appear a week or two earlier than the Spanish Iris.

D. Haring. Uniform white.

E. B. Garnier. Uniform dark blue.

J. W. De Wilde. Uniform dark yellow.

Therese Van Duyl-Schwartz. Lilac standards, white falls.

Th. Wijck. Delightful light blue.

Yellow Queen. Uniform pure yellow, excellent novelty.

Price of any of the above, 10c. each; \$1.00 per doz.; \$7.50 per 100.

SPRING FLOWERING CROCUS

Including New Hybrid Varieties

As edgings to beds—and bordering walks—or as undergrowth among tulips, hyacinths, daffodils, etc., they are very effective as the flowers are over when the other bulbs begin blooming, and then the crocus foliage forms a beautiful grass like setting for the later flowering bulbs.

Crocus are also easily flowered in the house in winter, grown in pots and pans of soil. For instructions see leaflet "How to Grow Bulbs" sent with every order.

We have discontinued offering the cheap mixtures of Crocus as the larger bulbs—produce more and larger flowers. (See illustration.)

WHITE CROCUS

King of Whites. A grand new variety, producing long snow-white flowers.

May. Lovely round petalled pure white flowers of great size.

Mont Blanc. An old favorite, large pure white.

BLUE AND PURPLE CROCUS

Baron von Bruno. A large deep purple.

David Rizzio. Deep lavender shaded purple.

Hero. A new hybrid; dark glossy purple. Extra large and fine.

Maximilian. Beautiful sky-blue flowers, distinct.

STRIPED CROCUS

Albion. A fine large lavender striped white and violet.

Cloth of Silver. White feathered and striped with lilac and purple.

Fantasy. A new hybrid; immense flowers of light gray striped dark blue.

YELLOW CROCUS

Cloth of Gold. The earliest of all, very prolific yellow veined golden brown.

Yellow Mammoth. The largest flowering sort of this color.

PRICE—70c. PER DOZEN, \$5.00
PER 100, \$45.00 PER 1000.

MIXED GIANT FLOWERING CROCUS

All colors and shades including many new hybrid seedlings so far outclassing the ordinary grade mixtures that we have discarded the latter. 50c. per doz.; \$4.00 per 100; \$35.00 per 1,000.

SPRING-FLOWERING BULBS

Giant Hybrid Amaryllis "International Prize" Strain

Awarded the Prize at the Flower Show, New York

The coloring and markings are exquisite; the bulbs are large, and are of sufficient strength and age to produce flowers during winter or spring. They are the most gorgeous bulbous plants known. They throw up spikes from 2 to 3 feet high, bearing enormous wide petalled flowers averaging 8 to 10 inches across and of great substance, some being of rich and glowing colors, others delicately shaded and superbly veined.

Mixed Varieties, \$1.00 each; \$10.00 per doz.

The Amaryllis is the easiest bulb known, for the amateur to grow indoors. They do best in a compost of garden soil with a little sand, and should be grown in a temperature of 50 to 55 degrees in a house. For forcing about ten degrees higher. The size of pot employed will depend on the bulb, for ordinary sized bulbs a six inch pot will be large enough one bulb to a pot. Cover bulb as far up as the neck, and water sparingly until flower shoots appear. Some growers keep them in the dark until the flower shoots are four inches long and then bring them to the light.

Anemone Giant St. Brigid

An improved Irish variety bearing magnificent flowers, double, semi-double and single, 3 to 5 inches across, of the richest as well as the daintiest colors. There is maroon, bright scarlet, blood crimson, rose, pink, flesh color, mauve, blue, purple, yellow, cream, white, tinted, variegated, striped, zoned, etc., in endless variety. The flowers are borne freely on long stems and are charming. Grow in cold frames in northern states. **Mixed colors, 75c. per doz.; \$6.00 per 100.**

Single Poppy-Flowered. (Coronaria.) Large, beautiful saucer-shaped Poppy-like blossoms flowering continuously throughout spring and early summer. **Mixed colors, 60c. doz.; \$4.50 per 100.**

Dielytra, or "Bleeding Heart"

One of the most ornamental of hardy spring-flowering plants, with elegant green foliage and long drooping racemes of heart-shaped pink and white flowers. If potted in November and left outside till it has forced new roots and then brought into a gentle heat, it may be had in flower in the greenhouse, in February and March. (Ready in November.)

Large Roots.
75c. each;
\$7.50 per dozen.

Chionodoxa Glory of the Snow

They produce flower spikes bearing 10 to 15 lovely Scilla-like flowers. They are perfectly hardy, and may be planted as an edging to a bed, or naturalized on the lawn. They are admirable for pot culture winter blooming in the house.

Chionodoxa Lucillae. Bright blue with large clear white center (large cultivated bulbs). 50c. doz.; \$3.50 per 100; \$30.00 per 1000.

Chionodoxa Sardensis. Intense deep blue (large cultivated bulbs). 60c. doz.; \$4.00 per 100; \$35.00 per 1000.

Chionodoxa Gigantea. Unusually large flowers of lovely lilac-blue, with conspicuous white centre (large cultivated bulbs). 80c. doz.; \$6.00 per 100.

Henderson's Superior Freesias

Freesias are popular for pot culture, flowering in the winter and spring in the conservatory, or window garden. 6 to 8 bulbs should be planted in a 4-inch pot. They can be had in bloom by Christmas if desired, and by having a dozen pots started in the cold frame and brought in at intervals, keep up a display through the winter. **Purity.** Produces large sprays of snow-white flowers deliciously fragrant; free blooming and of great value for forcing for cut flowers.

Mammoth Bulbs, 75c. per doz.; \$5.00 per 100; \$45.00 per 1,000.

Colored Freesias

These beautiful novelties are winning favor on account of their lovely and unique colorings, shades of pink, mauve, purple, violet, blue, yellow and orange. Very fragrant and free flowering. Each principal spike usually carries 7 to 9 flowers—while the side spikes usually bear 5 to 6 flowers. Their culture differs in no way from that of the white Freesia.

California. One of the finest yellow varieties. Color bright golden yellow. \$1.00 per doz.; \$7.50 per 100.

General Pershing. A beautiful shade of pinkish lavender with yellow lip tinted bronze. \$1.00 per doz.; \$7.50 per 100.

Giant Lavender. Flowers borne on long stems, color a beautiful lavender, the best variety of this shade. Price, \$1.00 per doz.; \$7.50 per 100.

Golden Daffodil. We take pleasure in recommending this New Yellow Freesia, which we consider a great improvement over any other yellow sort yet introduced, the color is a rich golden daffodil yellow having well formed large flowers borne on long rigid stems. (See illustration.) Price, 20c. each; \$2.00 per doz.; \$15.00 per 100.

Olivette. Beautiful carmine red with yellow throat, yellow blotch on lower petals, very free bloomer. Price, \$1.00 per doz.; \$7.50 per 100.

Mixed Hybrids. 75c. per doz.; \$5.00 per 100.

"I got glorious results from the Bulbs you supplied to me last year."
William B. Doyle,
New London, Conn.

Fritillaria Meleagris

Singular dwarf spring-flowering plants bearing, large pendant bell-shaped flowers of various colors, yellow, white, black, purple, striped and splashed and checkered in the most curious way. They are invaluable for pot culture and exceedingly pretty when grown in large groups in the garden border or wild garden in a dry situation. **Mixed varieties, 80c. per doz.; \$6.00 per 100.**

Grape Hyacinths

These very curious and pretty little Hyacinths are perfectly hardy and of the easiest culture, they thrive and increase in either sunny or partially shaded positions in the garden. When naturalized in little colonies where they can remain undisturbed for several years, the effect—especially of the Grape Hyacinths—is very pretty, while as edgings they are most charming. They are also adapted for winter flowering in the house.

Blue Grape Hyacinths. 35c. per doz.; \$2.50 per 100.
White Grape Hyacinths. 80c. per doz.; \$6.00 per 100.

"Heavenly Blue" Grape Hyacinths. A new type with larger flowers of richest gentian blue and delightfully fragrant; desirable for cutting and of splendid effect massed in the garden or border. **50c. per doz.; \$3.50 per 100.**

Lily of the Valley

(Ready for Delivery in November)

Henderson's Extra Single Crown or "Pips."

The finest grade of Crowns in the world for winter flowering. They will bear 12 to 16 large bells on strong stalks, with foliage, even when forced for extra early; the pips average large, plump and regular, with extra long roots. (See engraving.)
25 Crowns (1 bundle) \$2.00; 100 Crowns, \$7.00; \$60.00 per 1000.

Fortin's Giant. This is the largest variety yet produced; it is only adapted for open ground planting and may not show much superiority the first spring after planting, but by the second season, or when it gets well established, it produces wonderfully luxuriant foliage and immense spikes of purest white bells.
Crowns, \$1.00 per doz.; \$7.50 per 100.

Oxalis

Charming little half-trailing or bushy plants particularly adapted for pot culture and hanging baskets, the foliage alone is very attractive and when in flower they are exceedingly pretty.

Bermuda Buttercup. This is one of the finest winter-flowering plants for pot culture, it is a strong luxuriant grower, and the great profusion of bloom produced in uninterrupted abundance for weeks is astonishing. The flowers are of the purest bright buttercup yellow. **5c. each; 50c. per doz.; \$3.50 per 100.**

Grand Duchess. A California variety of great beauty; of dwarf sturdy growth throwing large exquisite flowers well above the foliage. Extremely free-flowering from November till June. Price for either, **White, Pink or Lavender. 5c. each; 50c. per doz.; \$3.50 per 100.**

Ranunculus

Among dwarf flowers these are unrivaled for form and attractive colors, ranging through shades of crimson, white, yellow, purple, black, many of them being beautifully marked with other shades. They flower profusely in pots in the house during the winter or if grown in frames in the spring. Remarkably vigorous growers with immense, and gorgeous, loosely double flowers. **Double Giant French Mixed. 75c. doz.; \$6.00 per 100.**

Scilla (Blue Bells)

Scilla Siberica (Blue). Most beautiful hardy spring bulbs, producing in profusion masses of exquisite rich blue flowers almost before the snow has disappeared. If grown in masses, their flowers fairly carpet the ground; and if grown with Snowdrops and Crocus, for contrast, the effect is magnificent. They should be largely planted as undergrowth in Hyacinth beds, etc. Grown in pots they may be had in bloom from Christmas until April. **75c. per doz.; \$5.00 per 100. \$45.00 per 1,000. (See engraving.)**

Siberica Alba. The new white flowering variety, very beautiful. **75c. doz.; \$5.00 per 100; \$45.00 per 1,000.**

Campanulata. (Wood Hyacinth or Bluebell.) Flowers borne on tall spikes, 1 to 2 feet high. Each flower measures nearly one inch across and droops gracefully; perfectly hardy; also fine for pot culture. We offer the following colors.

Major Blue. 60c. per doz.; \$4.00 per 100. Rose. \$1.00 per doz.; \$7.50 per 100. White. 80c. per doz.; \$6.00 per 100.

Snowdrops

In the early spring months there is nothing more beautiful than a sheet of the snowy, graceful blossoms of the Snowdrop. Beds and effects of surpassing beauty may be arranged with Snowdrops in the centre edged with bright blue Scilla Siberica, or Chionodoxias, or by intermingling them. In beds of Tulips and Hyacinths, Snowdrops are very effective between the lines; they flower while these bulbs are just moving the surface, and when the flowers are over there remains an elegant groundwork of green foliage. Used as a permanent edging, and in masses on the edges of lawns, nestling in the grass, they look charming. Snowdrops are easily flowered in pots during the winter. (See engraving.)

Single Snowdrops. 50c. per doz.; \$4.00 per 100. \$35.00 per 1,000.

Double Snowdrops. 80c. per doz.; \$6.00 per 100. \$55.00 per 1,000.

Elwes' Giant Snowdrop. One of the finest of the genus, at least three times the size of the ordinary single Snowdrop; flowers slightly marked with green spots; fine for cutting. **60c. per doz.; \$4.00 per 100; \$35.00 per 1,000.**

Winter Aconite (Eranthis Hyemalis)

Early in spring the golden blossoms of the Winter Aconite look charming, resting on an emerald-green cushion of leaves and forming a striking contrast to the Snowdrop, Scillas and Chionodoxa. The foliage remains long after the flowers, making the plant especially valuable in moist situations such as under trees, which the Winter Aconite enjoys and where few other flowering plants will thrive. 3 to 8 inches high. **35c. doz.; \$2.50 per 100.**

PLEASED PATRON PRAISES HENDERSON'S IMPORTED BULBS

"At our Community Tulip Show held in May, 1928, my wife entered Tulips grown from bulbs purchased from you last fall. The exhibit was awarded 3 First Prizes and 4 Second Prizes. At the Show we were asked by many people where we obtained our bulbs, and we were glad to tell them from Peter Henderson & Co."

Reeve H. Havens, Syracuse, N. Y.

A HARDY GARDEN PLANTED BY A CUSTOMER AT WARD ACRES, NEW ROCHELLE, N. Y.

Make a Hardy Perennial Flower Garden by Sowing This Summer

Henderson's Perennial Flower Seeds

The great charm of Perennials lies in their permanence. Once established they are a constant source of pleasure, and the most interesting plants in our gardens, presenting a variety of form and color so great as to fit them for almost every purpose in the garden. Some may be made to thrive under most unkind conditions, while others require skillful cultivation. A very large proportion of the Perennial plants that may be grown from seed have great values as cut flowers, because of their substance which enables them to stand up well long after cutting.

Notwithstanding their individual charm, they are most effective when planted in a mixed border, where by arranging them according to height, color and season of flowering, an attractive display may be had from the earliest days of spring, all through the summer, and even after the first frosts herald the approach of winter. And so, week by week, as sure as the season revolves such a border will present new charms and revive old ones the beauty of its growing with ever-increasing interest. Perennials are generally raised from seed sown from early spring to about August 1st, in the latitude of New York.

Grown in this way they make strong plants which may be planted in a permanent situation early enough in the fall to enable them to winter safely. Our Free Booklet, "A Hardy Perennial Flower Garden from Seeds" Sent Free with Every Order of Seeds if Requested.

1012 ACHILLEA, The Pearl. Large double white flowers in clusters; 2 feet.	Pkt. .15	CARNATION	
1057 ALYSSUM, Saxatile Compacta. Clusters of deep pure yellow flowers; ¾ foot.	.15	1760 Hardy Garden, Double Mixed. Sown this Summer will bloom next summer. Per 500 seeds, 75c.	.15
1082 AMPELOPSIS, Veitchii. Boston or Japanese Ivy, hardy climber, clinging to walls; 30 feet.	.10	1858 CERASTIUM Tomentosum (Snow in Summer). White foliage and profusion white flowers. Pretty as an edging.	.15
1087 ACHUSA Italica (Dropmore). 4 to 5 feet high, with flowers of lovely Gentian blue. Height, 1½ to 3 feet.	.15	CHRYSANTHEMUM Single Hardy. The large flowering single white hardy Daisy— <i>Chrysanthemum Leucanthemum</i> .	
1092 ANEMONE (A. St. Brigid). Large single and double flowers 3 to 5 inches.	.15	1896 Shasta Daisy. White flowers 4 inches across. Plants, 2 to 2½ feet high.	.25
AQUILEGIA (Columbine). Very effective. Height, 1½ to 3 feet.		CLEMATIS	
1150 Henderson's American Hybrid Columbine. Immense long-spurred single flowers; colors superb.	.25	1957 Paniculata. Covered with pure white fragrant flowers. 12 feet.	.10
1170 Single, Large-Flowering, Mixed.	.10	COREOPSIS	
1160 Double-Flowering, Long Spurred Hybrids. Beautiful long-spurred.	.25	1994 Harvest Moon. Plants 2 to 3 feet high, rich yellow flowers.	.10
1153 Chrysantha. The beautiful yellow variety.	.10	1992 El Dorado. Brilliant golden yellow.	.10
1157 Coerulea Hybrids. Rocky Mountain, long-spurred flowers of white and blue.	.10	2030 COWSLIP. Fragrant flowers, yellow, brown, edged yellow, etc. Height 6 inches.	.15
1185 ARISTOLOCHIA Sipho. Dutchman's Pipe Vine. Hardy climber; has large leaves, making dense shade; 30 feet.	.10	DELPHINIUM New Double Flowering, or Hardy Larkspur. The plants are of striking beauty and are becoming more popular every year and are indispensable in the hardy perennial border for blooming during the early summer months. The following named varieties are very desirable.	
ASTER, Hardy, New Large Flowering. These "Michaelmas Daisies" form large bushy clumps, 1 to 2 feet high.		2091 Admiral Cardigan. Brilliant blue marbled rose.	.25
1464 Alpinus Goliath. Lilac with yellow.	.15	2092 Amos Perry. Rosy mauve flushed sky blue.	.25
1466 White Queen. White single flowers.	.15	2093 Blue Mist. Pale blue and lavender, white eye.	.25
1470 Hardy Asters, Mixed Colors.	.10	2094 Capt. Lambton. Rich plum color edged violet.	.25
1549 BIGNONIA Grandiflora. 40 to 50 feet. The hardy trumpet Creeper, orange-red flowers.	.10	2095 Coronation. Rich purple and deep blue.	.25
CAMPANULA Bell-Flower		2908 Summer Sky. Light sky blue with white eye.	.25
Campanula Persicaefolia grandiflora. (Peach leaved Bell-Flowers). Hardy, perennials with spikes 2 to 3 feet high; bearing bell-shaped blossoms.		2097 Collection of above named varieties.	1.00
1632 Blue.	.15	2090 Giant Single and Double Superb Hybrids. Semi-double and double. Colors range from white and lavender through every shade of blue to indigo and purple. 6 to 10 feet in eight. Mixed colors. Per 1,000 seeds, \$1.00.	.25
1634 White.	.15	2102 DELPHINIUM, Wrexham Hybrids. These varieties represent the greatest advance made on the evolution of the Delphinium. Their graceful spire-shaped spikes of enormous size and great beauty of form has almost made them the most popular flowers, either for cutting or for garden display. The mixture we offer contains all colors usual in the Delphinium. Both double and single flowered varieties are included in this mixture, which is greatly esteemed by professional delphinium growers.	.50
1640 Campanula pyramidalis. Mixed Colors. "Chimney Bell-Flower," a hardy biennial—blue and white; height 4 to 5 feet.	.15	2087 Formosum. Deep blue, white centre; 2 to 3 feet.	.15
1650 Campanula pyramidalis compacta. Mixed colors. Compact in growth—height only 2 to 3 feet.	.25	DIANTHUS, Hardy Grass Pinks	
CANDYTUFT, Hardy. Borders or beds.		2145 Dwarf Large Double Flowering Grass or Spice Pinks. Plants 1 foot high. The flowers are double, beautifully fringed and emit a clove-like perfume. Mixed colors.	.25
1704 Gibraltica. Showy, large-growing, rose-white; 1 to 2 feet.	.15	2150 Plumarius, double mixed. The favorite Pheasant's Eye Eye or Grass Pinks.	.15
1708 Sempervirens. Covered with white flowers in spring; 1 foot.	.25		
CANTERBURY BELLS. The Cup and Saucer single flowers, 3 inches across. Hardy biennial.			
Calycanthemum mixed "Cup and Saucer" varieties.	.10		
1622 Blue.	.10		
1624 Rose.	.10		
1626 Striped.	.10		
1628 White.	.10		
1630 Mixed.	.10		
1670 Media Canterbury Bells. Mixed.	.10		
1660 Media double mixed.	.10

4567 WISTARIA, Chinese. Of rapid growth, bearing in the spring immense panicles of flowers. Blue.....	.10	

Henderson's "Forget-Me-Not" Seed Collection Seventeen Hardy Perennial Flowers

Special Offer: 4715 One Packet Each of the Seventeen Varieties, \$1.50

Pamphlet, "A Perennial Flower Garden From Seed," sent with every Collection

The letter prefixed to each variety is a key to the flower as shown in pamphlet

This collection consists of 17 of the most popular and easily grown sorts, all of which will bloom the year following the sowing of seed. A few, including *Coreopsis* *Gaillardia*, etc., often flower the same year, if the seed is sown early in spring.
Perennial Flower Seeds can be sown from early spring to about August 1st, in the latitude of New York. (See illustration.)

- A. **Hollyhock.** Hardy Extra Choice Double Mixed.
- B. **Forget-Me-Not, Palustris.**
- C. **Delphinium.** Henderson's Single and Double Superb Hybrids. Mixed colors.
- D. **Pyrethrum Hybridum,** or Painted Daisy. Mixed colors.
- E. **Sweet William.** Henderson's Perfection Double Large-flowering. Mixed.
- F. **Phlox Hardy.** Large-flowering Hybrid Mixed
- G. **Canterbury Bells.** Single mixed.
- H. **Digitalis,** or Foxglove. Mixed colors.
- I. **Scabiosa.** Hardy 2 to 3 feet high. Flower semi-double, lilac-blue.
- J. **Alyssum** (*Saxatile Compacta*).
- K. **Coreopsis "Harvest Moon."**
- L. **Poppy.** Giant Oriental. Mixed Colors.

- M. **Aquilegia,** or Columbine. Mixed colors.
 - N. **Gaillardia.** Giant Hardy Hybrid. Mixed colors.
 - O. **Carnation.** Hardy Garden, Finest Double, Mixed.
 - P. **Asters Hardy.** New Large-flowering. Mixed colors.
 - Q. **Chrysanthemum** (*Shasta Daisy*).
- 4715 **Special Offer:** One packet of each of the above for only \$1.50.

Pot-Grown Plants of the "Forget-Me-Not" Collection

Special Offer—1 plant each of the 17 varieties for \$5.00; 3 plants each of 17 varieties for \$13.50; 6 plants each of 17 varieties for \$25.00. Ready April 15th. (See page 166 of our catalogue "Everything for the Garden.")

HENDERSON'S GIANT PANSIES

GROWING PANSIES FROM AUTUMN-SOWN SEED. Sow the seed in July, August or the early part of September in the open ground on a finely prepared seedbed sheltered from hot sun, or protect with a light covering of hay or straw or even burlap, to keep the ground moist until the seedlings are up. Thin the seedlings to 3 or 4 inches apart—in about 6 weeks the young plants can be removed to their permanent flowering quarters, where they must be again covered with hay to a depth of about 3 inches after freezing weather sets in. Another way to winter over autumn-grown seedlings is to transplant them 3 or 4 inches apart according to their size into coldframes, and transplant to flowering quarters as early in the spring as possible. The Pansy is hardy with slight protection, and thrives best when grown cool. In hot exposed situations it deteriorates rapidly.

Henderson's Mammoth Butterfly

This "Butterfly" race originated from selections made by the late Peter Henderson—who was particularly fond of pansies—from the best American, English, Scotch, French and German varieties. This process of selection has been followed in by us ever since, and from the legion of "most beautiful" pansies among Henderson's Butterflies we have chosen this offering.

3120 Henderson's Mammoth Butterfly Pansies in Mixed Colors. Per 1,000 seeds, \$1.00; Pkt. 25c.

Popular Strains

3100 Bedding. Finest Mixed. Per 1,000 seeds, 50c.; Pkt. 10c.

3110 Bugnot's Large Stained French. Mixed. Per 1,000 seeds, 75c.; Pkt. 15c.

3140 English Choicest Show. Mixed. Per 1,000 seeds, \$1.00; Pkt. 25c.

Henderson's Giant Mottled

Well-grown they measure 3 to 3½ inches across—and of most gorgeous effects, blotches, spotted, marbled, veined, striped and blended, colors passing through reds, rose, pink, white, purple, in beautiful and indescribable variegation.

3150 Mixed Colors. Per 1,000 seeds, \$1.00; Pkt. 25c.

Henderson's Mammoth Parisian

The Parisian Pansies are distinguished by their varied colors and strong markings. There is a large "blotch" on each of the five petals, with a band of some strikingly contrasting color, over all of which is thrown a cobweb-like netting of yet another hue.

3160 Mixed Colors. Per 1,000 seeds, \$1.00; Pkt. 25c.

Henderson's Giant Ruffled

A remarkable strain of Giant Pansies, the flowers of which are so large and full that the broad petals seem to be "gathered" to the stem, causing them to be fluted from center to circumference, not unlike "frilled" velvet. The unusual substance of the flowers, enables them to present bold, open and handsome faces, during windy or dry summer weather, when other Pansy flowers droop or wilt. The flowers are borne on strong stems well above the foliage and contain rich combinations of coloring not found in other Pansies.

3170 Mixed Colors. Per 1,000 seeds, \$1.00; Pkt. 25c.

Pansy Roggli's Giant

3172 A new race that was developed in Switzerland and is distinguished from its extremely strong growth. It produces giant flowers of the most beautiful colors and begins blooming very early.

Owing to all these outstanding qualities, this sort should be included in every garden. **Mixed colors.** 1,000 seeds, \$2.00. Pkt. 50c.

3173 Roggli. Cardinal shades. A selection of many crimson sorts. Pkt. 50c.

World Record Early-Flowering Hardy

The flowers are of large size and are delicately fragrant—indicating the Violet strain in their make-up.

3252 Celestial Queen. Bright, sky-blue, tinted lavender, small yellow eye. Pkt. 15c.

3254 Ice King. Silver white with deep blue blotch on lower petals. Pkt. 15c.

3256 March Beauty. Rich velvety violet-purple, with yellow eye. Pkt. 15c.

3258 Winter Sun. Golden-yellow with maroon blotch on lower petals. Pkt. 15c.

3260 Mixed Colors. Pkt. 15c.

3261 Collection World Record Pansies. One pkt. each of above 4 varieties. 50c.

Henderson's Superior Giant Trimardeau

Years of scientific hybridization and selection in raising Pansies have gradually evolved a superior race of robust growth. The flowers have also correspondingly improved in size, substance, form and colors.

Per 1,000 seeds Pkt.

3176 Aurora. Crimson purple shading to light wine, with a defined white margin. 60c. 10c.

3178 Bridesmaid. White shaded rose beautifully blotched. 60c. 10c.

3182 Canary Bird. Pure spotless yellow. 60c. 10c.

3186 Indigo-Blue. Blotched black. 60c. 10c.

3188 Emperor Frederick. The ground color is dark purple, bronze face, red and gold edge. 60c. 10c.

3192 King of the Blacks. Lustrous jet-black. 60c. 10c.

3196 Lord Beaconsfield. Lavender and heliotrope. 60c. 10c.

3207 Meteor. Rich, reddish-brown or mahogany. 60c. 10c.

3214 Peacock. (Gloriosa.) Garnet, cream and blue. 60c. 10c.

3216 President Carnot. White with large violet blotches. 60c. 10c.

3217 Prince Charming. Rosy red, veined purplish lilac. 60c. 10c.

3218 Purple. (Atropurpurea.) Velvety royal-purple. 60c. 10c.

3222 Snow Queen. Spotless snow-white. 60c. 10c.

3226 Striped. White, blue, violet and chocolate. 60c. 10c.

3227 Victoria. A very distinct variety; clear oxblood. 60c. 10c.

3234 White Treasure. White with three violet blotches. 60c. 10c.

3238 Giant Yellow. Golden with mahogany eye. 60c. 10c.

3240 Mixed Colors. Per Oz. \$4.00. 50c. 10c.

3241 Henderson's Collection of 12 Giant Pansies. This Collection contains one packet each of 12 of the largest and most beautiful Pansies in cultivation. Price, \$1.00

How to Order Fresh-Cut Flowers from Henderson's

By Mail, Long Distance Telephone and Telegraph or Your Own Florist

MAKE USE OF OUR CUT FLOWER DEPARTMENT ESTABLISHED FOR THE CONVENIENCE OF OUR CUSTOMERS

Because of our location at New York City, we can make quick deliveries of fresh-cut flowers to all out-going steamers from this port, or to any address in New York City.

HOW TO ORDER. You remit to us the amount you wish to spend, with your order and we will deliver as instructed. Customers having charge accounts with us, may telegraph their orders and have them charged.

Customers are often in a dilemma as to just the kind of flowers they should send, and no doubt this uncertainty often discourages them from ordering. It is usually better to leave the selection of flowers to us. Tell us in your letter or telegram for what purpose the flowers are to be used, for instance, whether for a bouquet, a corsage or a floral design, or loose flowers suitable for vases. We will then be able to supply a much better selection than could be specified from a distance.

Be careful to send the full name and address of the person to whom the flowers are to be sent; also the form of greeting or message to be enclosed with them.

THERE IS ALSO ANOTHER METHOD OF ORDERING

It has been well said that the **Florists' Telegraph Delivery Association** is "the world's superlative example of co-ordination in the delivery of merchandise" because anyone can now step into a members shop, and order a delivery of flowers to practically any address in the world, with the certain knowledge that within a very short space of time the gift will be on its way.

We are members of the **Florists' Telegraph Delivery Association**, and through it, we can deliver fresh-cut flowers to any city, town or village in the U. S. A. All that is necessary for you to do, is to go to any Florist in your town who is a member of this Association, and place your order with him. Tell him that you wish Peter Henderson & Co. to fill the order. He will then telegraph the order to us, and we will deliver the flowers to the given address, thereby saving much time.

A Mixed Bouquet

Henderson's Bountiful Beans

Early Wonder Beet

Riviera Broccoli

Golden Bantam Corn

Fresh Vegetables ARE EASILY GROWN PLANT SEEDS NOW

Grow Your Own and Enjoy Quality Supreme

There is the greatest difference in the world between home-grown vegetables gathered fresh in the morning from one's own garden, and vegetables that have made a long journey in wagons to the wholesale market, and then in the grocer's wagon to his store, before completing the last lap to the consumer. **Grow your own**, the flavor is different, and the quality very much better. We offer below a few varieties that are very easily grown and that we know you will enjoy.

*Varieties marked * should be planted at intervals of 2 or 3 weeks to provide a continuous supply.*

***Beans, Bountiful.** Dwarf bushes bearing flat podded green beans 6½ inches long, stringless and of delicious flavor. Plant at intervals to keep up a continuous supply. Pkt. 15c.; pint 50c.; qt. 90c.; 4 qts. \$3.50.

***Beans, Unrivalled Wax.** Dwarf bushes bearing enormous crops of pale yellow wax beans. The quickest growing wax variety, excellent flavor and free from rust. Pkt. 15c.; pint 50c.; qt. 95c.; 4 qts. \$3.25.

Beans, Henderson's Improved Bush Lima. Dwarf bushes bearing good sized pods filled with tasty butter flavored beans. Bears continuously from early summer until frost. Pkt. 10c.; pint 45c.; qt. 85c.; 4 qts. \$3.00.

***Beet, Early Wonder.** Everybody should grow this variety as it matures two weeks earlier than any other. Deep red, perfectly smooth roots of fine flavor. Pkt. 10c.; oz. 30c.; ¼ lb. 90c.

Broccoli Henderson's Riviera. This is the improved Italian green sprouting type. This delicious vegetable has the marrow flavor of cauliflower combined with the delectable succulence of asparagus. Riviera Broccoli has become very popular, and is now featured on the menus of the leading restaurants. Plant seeds in the open ground June 1st, and cultivate just the same as cabbage. Cook and serve the same as cauliflower. Pkt. 25c.; 5 pkts. \$1.00; ½ oz. \$2.25; oz. \$4.00.

Cabbage, Danish Ballhead. The best type of winter cabbage, keeping in good condition until spring. Iron-hard heads, medium stem. Pkt. 10c.; oz. 75c.; ¼ lb. \$2.00.

***Carrot, Chantenay.** Smooth, rich deep orange-colored roots, delicately flavored, tender and juicy. Pkt. 10c.; oz. 25c.; ¼ lb. 75c.

***Corn, Golden Bantam.** A gem for the small garden; small ear of remarkable quality, sweet and tasty; very popular. Pkt. 15c.; pint 45c.; qt. 85c.; 4 qts. \$3.00.

Cucumber, The "Henderson." Early; dark green fruits; refreshing flavor. Pkt. 10c.; oz. 25c.; ¼ lb. 70c.

Kohl-Rabi, Early Short-Leaved White Vienna. Smooth, white turnip-like roots, delicately flavored. Best picked when two inches in diameter. Pkt. 15c.; oz. 45c.; ¼ lb. \$1.25.

Leek, American Flag. Mild flavor, quick grower, blanching snow-white. Pkt. 10c.; oz. 30c.; ¼ lb. 90c.

***Lettuce, Big Boston.** Large solid crispy heads, best for spring and fall. Pkt. 10c.; oz. 25c.; ¼ lb. 75c.

***Lettuce, New York.** Immense heads, sometimes 12 inches across. Crisp and tender. Pkt. 15c.; oz. 40c.; ¼ lb. \$1.20.

***Radish, Early White Tipped Scarlet Turnip.** A crisp, tender and mild-flavored variety. Pkt. 10c.; oz. 20c.; ¼ lb. 50c.

Spinach, New Zealand. Decidedly the best for hot weather. Sometimes called the "cut-and-come-again" spinach, because it supplies your wants all the time from summer to late in the fall. Pkt. 10c.; oz. 25c.; ¼ lb. 60c.

Squash, Long Island White Bush. The "patty pan" a favorite summer squash. Grows quickly. Pkt. 10c.; oz. 25c.; ¼ lb. 75c.

Swiss Chard. The "cut and come again vegetable." Really a beet with the heavily ribbed leaves developed instead of the root. It is used boiled as greens, or the white midrib is cooked separately like asparagus. Very easy to grow. Pkt. 10c.; oz. 20c.; ¼ lb. 60c.

***Turnip, Purple Top White Globe.** A very large globe-shaped variety. It grows smooth, has a small root and medium-sized tops. The flesh is pure white, crisp, very fine and is one of the best sorts to store for winter. Price, pkt. 10c.; oz. 15c.; ¼ lb. 35c.

SPECIAL COLLECTION. One packet each of the above 18 varieties (value \$2.25) for \$2.00 sent postpaid.

We Deliver, Transportation Charges Paid
All Vegetable Seeds Listed Above

Henderson's Big Boston Lettuce

Ely's White Tipped Scarlet Radish

New Zealand Spinach

Swiss Chard

Sow the "Henderson" Lawn Grass Seed

and Obtain a Grassy Carpet of Unrivalled Emerald Green
IN FOUR WEEKS FROM SOWING IT IS READY FOR MOWING

The "Henderson" lawn grass seed mixture has been thoroughly tested by country-wide use for more than half a century. It is the fruit of years of experience and close study of American conditions and is undoubtedly the best for the American climate. By its use a deep green, velvety sward, free from clumps, can be produced in from four to six weeks' time.

The "HENDERSON" LAWN GRASS SEED is an intelligently arranged combination of fine-leaved, dwarf Grasses, which are at their best during different months of the year, thus keeping a lawn constantly covered with enduring green. It is impossible to make an enduring lawn by sowing seed of a single variety, which will only grow vigorously for a portion of the year. Kentucky Blue Grass, for instance, which is sometimes recommended for lawns, grows but sparsely during mid-summer, is slow to form a close sward, requiring two years to do that, and loses color in hot weather. Besides its country-wide use on the home grounds of the people, The "Henderson" Lawn Grass Seed has invariably been chosen to produce lawns at many of the most famous institutions in this country. It has been used for a number of years with excellent results, on the Parade Grounds at the United States Military

Academy at West Point, N. Y. The refreshing green and the close turf, which attract the attention of the hundreds of thousands who annually visit the baseball grounds in this country, particularly the Polo Grounds in New York and Ebbets Field in Brooklyn, where produced with the "Henderson" Lawn Grass Seed. At the various International Expositions held in the United States—notably the Centennial at Philadelphia, the Columbian at Chicago, the Pan-American at Buffalo, the Louisiana Purchase at St. Louis, the Lewis & Clark at Portland, and the Jamestown at Norfolk—gold medals were awarded to lawns made with the "Henderson" Lawn Grass Seed.

AMOUNT OF SEED REQUIRED FOR LAWNS

Measurement	Quantity	Measurement	Quantity
10 x 20 Ft.	1 qt.	50 x 60 Ft.	½ bushel
20 x 20 Ft.	2 qts.	60 x 100 Ft.	1 bushel
20 x 40 Ft.	4 qts.	100 x 120 Ft.	2 bushels
30 x 50 Ft.	1 peck	110 x 400 Ft.	5 to 6 bushels

PRICE OF THE "HENDERSON" LAWN GRASS SEED

(Delivered Transportation Paid)

50c. per qt. 90c. for 2 qts. \$1.65 for 4 qts. \$3.00 per peck of 5 lbs.
\$5.50 per ½ bushel of 10 lbs. \$10.00 per bushel of 20 lbs. 100 lb. lots and over \$45.00 per 100 lbs.

We deliver quarts and pecks in the U. S. by parcel post or express at our option
We also deliver in the U. S. by parcel post, express or freight (our choice) all Lawn Grass Seeds in larger Quantities

WHITE DUTCH CLOVER for lawns covers the ground like a carpet. Thrives well on all soils. Price, 30c. per ¼ lb.; 50c. per ½ lb.; 80c. per 1 lb.; 10 lb. lot at 75c. per lb.

PLEASED CUSTOMERS PRAISE THE "HENDERSON" LAWN GRASS SEED

"On March 30th I sowed a half bushel of your Lawn Grass Seed Mixture, using some fertilizer and preparing the soil thoroughly. On May 6th I had the pleasure of mowing a quite respectable looking lawn where it had been sheltered from the north winds; and on May 11th I mowed the entire surface. Six weeks after sowing the seed I have a good lawn. Part of the credit I assume because of good preparation but most of the credit is due your most excellent seeds. All this happened in Flat-bush where at this writing other seeded lawns are only showing a few patches of young grass coming through. I have a covered soil, and the grass prevents it from causing this dry weather. Thanks to you and your seeds for placing me in this enviable position."

Francis W. Brady, Consulting Engineer

"I saw the Parade Grounds of our Virginia Military Institute had been so beautiful made over and I was told they used your lawn grass seed and directions."

Mrs. H. C. Wise, Lexington, Va.

"We ordered your Henderson Lawn Grass Seed Mixture last year for the High School and the turf was the talk of the town all last summer. Five weeks from the day we sowed this seed, we mowed the lawn for the first time. I am ordering now, 3½ bushels more for our East Ward School."

Charles W. Taylor, Supt. McCook City Schools, McCook, Nebr.

"This year under the most adverse conditions we secured the finest turf I have ever seen with absolutely no watering or coddling of any kind. This speaks very well for the vitality of your seed, and its ability to make a growth under abnormal conditions."

Mount Hermon School, Mount Hermon, Mass.

"Best Grass Seed Mixture I ever sowed. Received praise from all the members of our Club in regard to my turf. Have the finest lawn in Town."

G. T. Ryan, Steward, Elk Club, Pittsburgh, Pa.

"The lawns at this Exposition seeded with the 'Henderson Lawn Grass Seed' were awarded the ONLY GOLD MEDAL."

Jamestown Exposition Commission, Jamestown, Va.

"I have sent you photograph showing bird's eye view of Tennessee Centennial Exposition grounds on which we have used exclusively the 'Henderson Lawn Grass Seed.' It was sown last September and is now up in good shape making an elegant lawn for the Exposition."

E. C. Lewis, Commissioner

"I have the most remarkable lawn, I believe, in this section. It was first sown in 1883, with Henderson's Lawn Grass Seed. Each spring we have sowed two bushels of the same seed on top of the old lawn. Although 42 years old, expert gardeners pronounce my lawn the finest one in this country."

John B. Judson, Gloversville, N. Y.

The Most Beautiful Lawns In America

are made with

Henderson's Special Mixtures of Lawn Grass Seed

"Special Bent Formula"

EVERY LAWN A PUTTING GREEN

On account of the growing popularity of golf in recent years, the question has many times been put to us by our customers, "Why can't I have a lawn that looks like a Putting Green." Our answer to this was to make up a combination of the finest re-cleaned grasses, using as a basis for this mixture the Bent Grasses which are largely used in the finer Putting Greens of today.

A lawn seeded with this mixture and properly cared for will in truth make every lawn a Putting Green.

It is imperative in maintaining a lawn of this type, that the grass should be kept cut short and well rolled all through the season. Starvation of the grass plants is the most frequent cause of unsatisfactory lawns, and grass needs constant small applications of fertilizer and plenty of water to maintain a perfect lawn.

Also, every spring apply a dressing of Henderson's Lawn Enricher. Broadcast this, using five pounds for each 200 square feet, and water it in thoroughly with a hose. (See illustration.)

We advise seeding at the rate of one pound to cover a space of 10x30 or 300 square feet. **Price, transportation paid in the U. S., \$1.25 per lb.; 5 lbs. \$5.50; 20 lbs. \$20.00; 100 lbs. lots and upward, \$90.00 per 100 lbs.**

Shady Nook

On nearly all lawns there are unsightly bare spots under the shade of trees, which have baffled all efforts to get into Grass, but with this mixture there need be no further difficulty. It is a combination of fine, dwarf growing, evergreen varieties, which in their wild or natural state are to be found growing in the woods or other sheltered and shaded spots. Ground that has been densely shaded by trees is frequently "sour," and if the drainage is defective it is apt to be covered with moss and coarse Grasses. In such cases an application of slaked lime, at the rate of one hundred pounds to each thousand square feet, or two tons to the acre, is an excellent corrective and sweetener, but the moss should be first raked off. (See illustration.)

Price, transportation paid in the U. S., 60c. qt.; \$2.00 for 4 qts.; \$3.50 pk.; \$6.50 per ½ bu. of 10 lbs.; \$12.00 bu. of 20 lbs.; \$55.00 per 100 lbs.

Sunny South

It is especially prepared for the South, and contains all the best Grasses that are by nature adapted for hot, dry situations. In the South, Bermuda Grass is frequently used, but it remains green only in the summer months, turning brown in winter; but by using this mixture, and with some care and attention to watering, an all-the-year-round lawn can be maintained in Southern States where Grasses do not usually thrive.

Price, transportation paid in the U. S., 60c. qt.; \$2.00 for 4 qts.; \$3.50 pk.; \$6.50 per ½ bu. of 10 lbs.; \$12.00 bu. of 20 lbs.; \$55.00 per 100 lbs.

Terrace Sod

A special mixture of Grasses best suited for sowing on terraces, embankments and hillsides; Grasses that produce long, strong, spreading roots, thus preventing heavy rains from washing them out; that will withstand drought and exposure, thrive on shallow soils, and at the same time produce a rich, velvety-green turf throughout the season. There need be no fear of introducing coarse Grasses into your lawn by sowing this mixture, for, though strong-rooted, the Grasses are equally as fine-leaved as those used in the "Henderson Lawn Grass" mixture.

Price, transportation paid in the U. S., 60c. qt.; \$2.00 for 4 qts.; \$3.50 pk.; \$6.50 per ½ bu. of 10 lbs.; \$12.00 bu. of 20 lbs.; \$55.00 per 100 lbs.

Seaside

Along our seacoast there are many beautiful summer homes and resorts with such sandy saline surroundings that a turf of the favorite lawn Grasses cannot be produced. We have so often made up a mixture of special Grasses to thrive under these trying conditions that we have concluded to offer it for the benefit of others who may be having the same "trouble in getting Grass to grow." Our "Seaside" mixture will make a good turf of green on sand where the finer Grasses are not so likely to thrive, though, of course, the sand must be top-dressed with not less than 2 inches of soil before even our "Seaside" Grass Seed is sown, to enable the young Grass to get a start, after which the long roots—peculiar to the varieties we use in this mixture—drive down deeply in the sand and remain permanently self-sustaining, if attention is given to sprinkling during dry weather.

Price, transportation paid in the U. S., 50c. qt.; \$1.65 for 4 qts.; \$3.00 pk.; \$5.50 per ½ bu. of 10 lbs.; \$10.00 bu. of 20 lbs.; \$45.00 per 100 lbs.

All grass seed mixtures are delivered transportation paid in the U. S., by express, freight or parcel post, at our option

SPECIAL NOTICE.—We prepay transportation charges on Fertilizers by parcel post, express or freight at our option within the first and second zones (150 miles of New York City). Purchasers, beyond these zones, pay transportation charges.

Invigorate Your Lawn! Get Good Grass!

BY USING THIS MONTH

Henderson's Lawn Enricher and Top Dresser

For New and Old Lawns, Athletic Fields, Golf Courses, Etc. It is Odorless, and Quickly Induces a Luxuriant Green Growth

Do not use manure upon your lawn. When fresh it is filled with weed seeds and it takes months and months of attention before it is sufficiently rotted to have destroyed the germination of the weed seeds and become of value as a fertilizer. Henderson's Lawn Enricher will give you all of the fertilizing value you need and will not produce weeds. In addition, there is no odor or general unattractiveness attached to its use.

It should be sown broadcast in the spring or fall, and a remarkable improvement will soon be observed.

QUANTITY REQUIRED

For forming a new lawn a 10-lb. package is sufficient to go over an area of 200 square feet, or 1,000 to 1,500 lbs. per acre, or a smaller quantity for renovating an old lawn. Apply broadcast with machine or by hand as evenly as possible on a quiet day and preferably just before rain. If applied during the summer use half of the quantity and water in thoroughly with a hose.

HENDERSON'S GARDEN FERTILIZERS

Garden Fertilizer

Best Grade—Highly Concentrated
Contains all the Food Elements Required for Quality
Vegetables and Flowers

Henderson's Garden Fertilizer is a properly balanced mixture, and with its continued use especially if a system of crop rotation is followed, a uniform degree of fertility may be maintained in the soil. It should be applied after plowing or digging and just before harrowing or raking at the rate of $\frac{3}{4}$ to 1 ton to the acre or 10 lbs. for plot 10 x 20 or 200 square feet. A light top-dressing applied at intervals while a crop is growing, will produce magnificent results.

Wizard Brand

Pulverized Sheep Manure

Contains the Life-Giving Elements of Stable Manure
in Concentrated Form

The Flower and Vegetable garden is particularly benefited by the use of Pulverized Sheep Manure. It should be spread at the rate of 100 lbs. to 1,000 square feet or 2,000 to 3,000 lbs. to the acre, applied after plowing just before the final harrowing.

Grass thrives luxuriantly when fed with Pulverized Sheep Manure. Use 100 lbs. per 1,000 square feet. Scatter broadcast over the old lawn or rake thoroughly into the top soil a day or two before seeding a new one.

Henderson's Prepared

Henderson's Prepared Compost

Spent Mushroom Soil

An Ideal Preparation for Top Dressing Gardens and Lawns—
Also for Window Boxes and House Plants

Henderson's Prepared Compost consists of well-rotted manure and soil, which has been used in the growth of mushrooms. When mushroom beds are made up they require fresh manure and soil in proportion, and after the crop has been harvested the soil is removed from the beds. It is then an excellent compost for dressing lawns, flower beds, vegetable gardens, etc.

When applying to gardens, spade up the ground, level, and apply about 1 inch of Henderson's Prepared Compost over the surface, and thoroughly rake into the soil.

For lawns, use 400 lbs. per 1,000 square feet, broadcast evenly and rake well into the soil. If properly done, the growth of the grass will be tremendously stimulated. When repotting plants this product is indispensable in the preparation of the soil.

Henderson's Medium Fine Bone Meal

Excellent for Top Dressing Lawns

For Lawns it is a dependable fertilizer, as it contains the essential elements that grass requires. It may be broadcast as a top-dressing at any time either in early spring or during the growing season with beneficial results. Farm crops, grains, etc., are all improved with the use of Bone Meal.

Quantity required. For lawns, pasture and mowing lands, 10 lbs. to 200 square feet or $\frac{1}{2}$ to 1 ton per acre. For trees and vines, 2 to 4 lbs. each. For field and garden crops, $\frac{1}{2}$ to 1 ton broadcast and harrowed in. For rose beds, pot plants, etc., one part to about fifty of soil.

Tree and Shrub Food

For Fruit and Shade Trees, Shrubs, Evergreens, Bush
Fruits, Grape Vines and Hedges

Henderson's Tree and Shrub Food increases the size and improves the fruit on trees, bushes and vines, and the flowers of hardy shrubs.

The quantity to use for established plants depends upon their size. From 1 to 2 lbs. each will suffice for most shrubs and vines. Trees with a spread of about 10 feet require about 5 lbs. each. Those with a spread up to 20 feet 10 lbs. Up to 30 feet 20 lbs. Up to 40 feet 35 lbs. Up to 50 feet 50 lbs.

The food should be applied over the area covered by the overhang of the tree. Where the ground is covered with grass, holes may be made with a crow bar and these holes filled with the food. When setting out young trees mix from 1 to 5 lbs. to each tree in the soil where they are to be planted. When planting a hedge allow from $\frac{1}{4}$ to $\frac{1}{2}$ lb. to each plant. Directions for applying sent with each package.

Prices:	
5 lbs.	\$.90
10 lbs.	1.60
25 lbs.	3.25
50 lbs.	\$5.00
100 lbs.	9.00

Prices on larger quantities quoted on request.

Hyper Pulverized Humus

Nature's Product for Enriching Lawns and Gardens

Hyper Pulverized Humus is black in color, it is easy to apply, and serves many functions in the soil. It loosens heavy clayey soils, and promotes aeration. It increases the moisture absorbing power of light sandy soils and corrects the mechanical condition of medium soils. Unless there is a supply of humus in some form in the soil it is impossible to obtain satisfactory crops of either grass, vegetables or flowers.

Hyper Pulverized Humus is absolutely odorless and is therefore very desirable for using in flats for starting seedlings indoors, also for potting bulbs and other house plants.

Prices:	
25 lbs.	\$1.25

A Good Mower Makes Lawn Maintenance Easy

THE HENDERSON "FEATHERWEIGHT" LAWN MOWER

The Lightest and Easiest Running Mower in the World.
Any Member of the Family May Use It With Ease.
Leaves the Lawn Like Velvet.

It is fully 20 per cent lighter than any other of equal strength and durability. All excess weight and clumsiness have been eliminated. Perfect balance and steel ball-bearings contribute to its ease of operation.

The wheels are 10 inches in diameter: this permits the mower to roll over rough or uneven surfaces without lessening its cutting efficiency. Another exclusive feature is that the knife is close to the outer point of the wheels. This permits close cutting around trees. The 6¼-inch diameter of the reel enables it to cut tall grass as well as to clip the closest turf. It has 4 crucible steel oil tempered blades. The lower blade is made of the highest grade cutlery steel, hardened, tempered and ground, so that the mower always remains sharp.

The adjustments of this mower are the most easily understood that have ever been devised and changes in adjustment of the knives may be made almost instantaneously. The finish is in red and gold.

PRICES

14-inch cut, weight 35 lbs. F.O.B. N. Y. \$13.50
16-inch cut, weight 36 lbs. F.O.B. N. Y. 14.75

Grass Catchers for any of
the above Mowers \$3.00
each. F.O.B., N. Y.

The Henderson Perfected Lawn Mower Model A Best General Purpose Mower

All Henderson Lawn Mowers are equipped with self-adjusting ball bearings to the wiper shaft, and have spiral blades shearing the edge of the stationary knife at an acute angle, thus cutting the grass by drawing it across the edge of the stationary cutting knife instead of pushing it across as done in other Mowers. Price, 14-inch cut, \$17.00; 16-in cut, \$18.50; 18-in cut, \$19.00; 20-in cut, \$21.50. F.O.B. N. Y.

Grass Catchers for above, 14-inch, \$2.50; 16-inch, \$2.50; 18-in, \$3.00; 20-inch, \$3.00. F.O.B. N. Y.

Universal Lawn Trimmer

The latest and best machine for trimming grass close up to the fence or wall, thus reducing hand work with shears to a minimum. It will also be found handy for trimming up around trees, under bushes, etc. It cuts 6 inches in width. (See illustration.) Price, \$10.50. F.O.B. N. Y.

Universal Grass Catchers

Quickly Attached or Detached—Very Durable

This Catcher will fit any Lawn Mower having a cut from 12 to 20 inches.

The bottom is made of heavy galvanized sheet iron and the sides are made of heavy white canvas. (See illustration.)
